A definitive master work from the world's leading Christian Apologist. Respected apologist Ravi Zacharias was once sharing his faith with a Hindu when the man asked: "If the Christian faith is truly supernatural, why is it not more evident in the lives of so many Christians I know?" The question hit hard, and this book is an answer. Its purpose is to equip Christians everywhere to simultaneously defend the faith and be transformed by it into people of compassion. In addition to writing several chapters himself, Ravi Zacharias brings together many of today's leading apologists and Christian teachers, including Alister McGrath and John Lennox, to address topics present in the very future of worldwide Christianity—from the process of spiritual transformation to the challenges posed by militant atheism and a resurgent Islam. Destined to become a classic, *Beyond Opinion* is a touchstone that will affect Christians around the world.

Respected apologist Zacharias brings together many of today's leading apologists and Christian teachers, including Alister McGrath and John Lennox, to address topics ranging from the process of spiritual transformation to the challenges posed by militant atheism and a resurgent Islam.

In the quest for the truth, you need to know what you believe and why you believe it. *Who Made God?* offers accessible answers to over 100 commonly asked apologetic questions. Bringing together the best in evangelical apologists, this guide is standard equipment for Christians who want to understand and talk about their faith intelligently. Part one answers tough questions about the Christian faith such as: • Who made God? • How can there be three persons in one God? • What is God's ultimate purpose in allowing evil? • Where did the universe come from? • How long are the days of creation in Genesis? • Did Jesus rise from the dead? • Are the records of Jesus' life reliable? • Does the Bible have errors in it? Part two answers tough questions about other faiths, including Islam, Mormonism, Hinduism, Transcendental Meditation, Yoga, Reincarnation, Buddhism, and Black Islam. Relevant stories, questions for reflection and discussion, and a comprehensive list of suggested resources help you dig deeper so you can be prepared to give careful answers that explain the reasons for your faith.

Throughout history there have been great and articulate defenders of the faith, from Augustine and Aquinas to Jonathan Edwards, G. K. Chesterton, Francis Schaeffer, and C. S. Lewis. But with new challenges comes the need for a fresh apologetic that specifically addresses the arguments levied against faith in our time of scientific atheism and skepticism. In the spirit of C. S. Lewis's *Mere*

Christianity, Alister McGrath's Mere Apologetics seeks to equip readers to engage gracefully and intelligently with the challenges facing the faith today while drawing appropriately on the wisdom of the past. Rather than supplying the fine detail of every apologetic issue in order to win arguments, Mere Apologetics teaches a method that appeals not only to the mind but also to the heart and the imagination. This highly accessible, easy-to-read book is perfect for pastors, teachers, students, and lay people who want to speak clearly and lovingly to the issues that confront people of faith today.

Faith Beyond Reason, a book by A.W. Tozer, is a compilation of sermons on the book of John. It is within this series of sermons that you will find A.W. Tozer addressing the whole truth that all things are possible with God. Tozer takes us in Faith Beyond Reason to a new understanding of our spiritual birth and human conscience and addresses our enlightened spirit, inner knowledge and the resurrection. IT is these truths that sustain us in our Christian walk. Faith Beyond Reason comes to us with insights of faith and Tozer takes an in depth look and what it stands on. In Tozer's typical fashion and style, he explores the things that are beyond or frail human understanding. Faith Beyond Reason will leave you with a new and empowering sense of the faith while subtly revealing the power of God in our lives. The question every Christian must ask as they prepare to walk with God is, do they really believe that the God they worship will move heaven and earth for them if they truly trust in Him? The whole premise of this book is that with God nothing is impossible especially when it comes to His children. We must act with faith and do what is needed.

This analysis of atheism, drawn from a wide range of philosophy and history, exposes its flaws while defending the purpose and meaning that Christ brings to one's life.

Dan Montgomery invites you to step through the first page of the book and walk with him to the top of a mountain peak. There you talk heart to heart while sharing your favorite drink. This imaginary journey begins a dialogue about the difficulties of being human and how faith in God infuses your life with guidance and companionship. Theologian Gabriel Fackre writes: "Christian teaching about the Trinity becomes up close and personal in this engaging work by a wise counselor. Here is enriching daily guidance from compass therapy for our pilgrimage with the triune God." GUIDEPOSTS Roving Editor Elizabeth Sherrill writes, "I've waited a long time for a book like this! Like a caring counselor in private session, Dan Montgomery writes to anyone who thinks being a Christian means conforming to someone else's pattern. To anyone who believes his current situation is hopeless. To anyone seeking a more intimate walk with Father, Son and Holy Spirit."

Encounter Jesus Like Never Before through Eastern Eyes Throughout these pages, Ravi Zacharias and Abdu Murray invite readers to rediscover the cultural insights we often miss when we ignore the Eastern context of the Bible. They offer a refreshing picture of Jesus, one that appeals to Eastern readers and can penetrate the hearts and imaginations of postmodern Westerners. In Seeing Jesus from the East, Ravi Zacharias and Abdu Murray show us why a broader view of Jesus is needed - one that recognizes the uniquely Eastern ways of thinking and communicating found in the pages of the Bible. Zacharias and Murray capture a revitalized gospel message, presenting it through this Eastern lens and revealing its power afresh to Western hearts and minds. Incorporating story, vivid imagery, and the concepts of honor and shame, sacrifice, and rewards, Seeing Jesus from the East calls believers and skeptics, both Eastern and Western, to a fresh encounter with the living and boundless Jesus.

The purpose of this book is to propose a redefinition of the Christian controlling narrative. Such a revised narrative will allow us to return from spiritual and socio-political exile and rejoice in the sovereign reign of God in Christ.

"A superbly argued book." -Richard Dawkins, author of The God Delusion The New York Times bestselling author of Why Evolution is True explains why any attempt to make religion compatible with science is doomed to fail In this provocative book, evolutionary biologist Jerry A. Coyne lays out in clear, dispassionate detail why the toolkit of science, based on reason and empirical study, is reliable, while that of religion—including faith, dogma, and revelation—leads to incorrect, untestable, or conflicting conclusions. Coyne is responding to a national climate in which more than half of Americans don't believe in evolution, members of Congress deny global warming, and long-conquered childhood diseases are reappearing because of religious objections to inoculation, and he warns that religious prejudices in politics, education, medicine, and social policy are on the rise. Extending the bestselling works of Richard Dawkins, Daniel Dennett, and Christopher Hitchens, he demolishes the claims of religion to provide verifiable "truth" by subjecting those claims to the same tests we use to establish truth in science. Coyne irrefutably demonstrates the grave harm—to individuals and to our planet—in mistaking faith for fact in making the most important decisions about the world we live in. Praise for Faith Versus Fact: "A profound and lovely book . . . showing that the honest doubts of science are better . . . than the false certainties of religion." -Sam Harris, author of The End of Faith
