"A truly enlightening work filled with fundamental strategies that have worked for others. Martin Fridson documents the essential principles inherent in every billionaire's success." -Gordon Bethune Chairman of the Board and CEO Continental Airlines Self-made billionaires all have one thing in common: they excel at making money. But hard work, thrift, and focus are only part of the story-you hold the rest of it in your hands. How to Be a Billionaire is the first comprehensive picture of the real strategies and tactics that built the great business fortunes of modern times. Packed with engaging accounts of titans like Ross Perot, Richard Branson, Phil Anschutz, John D. Rockefeller, Wayne Huizenga, Bill Gates, J. Paul Getty, and Kirk Kerkorian, How to Be a Billionaire will show you principles that can increase your wealth and business acumen to the mogul level. How to Be a Billionaire looks at the careers, the methods, and the minds of self-made billionaires to distill the common keys to titanic accumulations of wealth. Each chapter explores a specific strategy and brings it to life through extended profiles of past and present masters of the art of making money. Do you think innovation is the best way to prosper in business? Sam Walton, founder of the Wal-Mart retail chain, would tell you otherwise. The key to Walton's success was supreme devotion to copying the methods of other successful discounters. What could be less complicated than buying low and selling high? But the ascent of Warren Buffett, John Kluge, and Laurence Tisch to billionaire status depended on much more than an eye for good bargains. And if you're looking to thrive by outmanaging the competition, look no further than Richard Branson. When the founder of Virgin Atlantic needed to reduce his staff by 400 people, 600 volunteered to take off a few months on sabbatical. How to Be a Billionaire identifies the methods, beliefs, and behaviors every businessperson must understand and emulate to reach the pinnacle of riches. A manual for success that can benefit every aspiring tycoon, it is a fascinating read for anyone intrigued by wealth and how it's gotten. Praise for HOW TO BE A BILLIONAIRE "How to Be a Billionaire offers fascinating insight into the subject of building wealth. As a result of his exhaustive research, Martin Fridson is able to explain the wealth-creation process from a unique perspective. As the reader will discover, there is no single formula for success, but there are certain categories into which these concepts can be placed. My personal advice is to remember the words of Winston Churchill who said, 'Success is the ability to go from one failure to another with no loss of enthusiasm.'" -Ross Perot "Martin Fridson has created the ultimate roadmap to the American Dream. He comes as close to extracting a formula for the acquisition of wealth as any book I have ever read." -Jeff Sagansky CEO, Paxson Communications "Martin Fridson's book has a number of very insightful and thoughtful analyses, something you don't pick up in many business schools." -Philip F. Anschutz Chairman and CEO, The Anschutz Corporation "How to Be a Billionaire is a powerful arsenal of dead-on strategies for increasing your personal wealth and business acumen. Marty Fridson details the tactics of self-made billionaires with great intelligence and insight. I wish this book had been available when I was starting my career." -Spencer Hays Founder, Tom James Company Executive Chairman, Southwestern/Great American, Inc. Chairman, Athlon Publications

great secret of our time is that there are still uncharted frontiers to explore and new inventions to create. In Zero to One, legendary entrepreneur and investor Peter Thiel shows how we can find singular ways to create those new things. Thiel begins with the contrarian premise that we live in an age of technological stagnation, even if we're too distracted by shiny mobile devices to notice. Information technology has improved rapidly, but there is no reason why progress should be limited to computers or Silicon Valley. Progress can be achieved in any industry or area of business. It comes from the most important skill that every leader must master: learning to think for yourself. Doing what someone else already knows how to do takes the world from 1 to n, adding more of something familiar. But when you do something new, you go from 0 to 1. The next Bill Gates will not build an operating system. The next Larry Page or Sergey Brin won't make a search engine. Tomorrow's champions will not win by competing ruthlessly in today's marketplace. They will escape competition altogether, because their businesses will be unique. Zero to One presents at once an optimistic view of the future of progress in America and a new way of thinking about innovation: it starts by learning to ask the questions that lead you to find value in unexpected places.

Are you ready to create serious wealth from your business for you and your employees? If you're like most driven entrepreneurs and business leaders, you are either starting, or running a company that is barely scratching the surface of its growth and profit potential. How do you find the hidden "cash in the walls" and make the leap from ordinary business outcomes to retire-tomorrow, profit-rich results? America's Revenue Growth® Architect Kent Billingsley has developed a proven methodology that has helped thousands of entrepreneurs and employees become millionaires or multimillionaires by radically changing the way they approach business growth. This methodology is repeatable, predictable, and scalable—and has been rigorously tested in startups and billion-dollar firms alike. In the paradigm-shifting guide Entrepreneur to Millionaire, Billingsley shows you how to double or triple sales, revenue, and profits through a four-phase process—Revenue Ready, Market Ready, Go to Market, and Own the Market—that has delivered explosive growth for his clients for nearly three decades. The best part? You don't have to spend another dollar on marketing or hiring another salesperson, and you don't have to slash costs to the bone. Creating wealth from your business is about generating more sales, revenues, and profits from every company asset you already have—from your contracts, clients, products, services, and even your store locations. With Entrepreneur to Millionaire, you and your team have what you need to turn a good business into a fast-growth, highly profitable company, deliver greater value to your customers, and become embarrassingly rich in the process.

Discover and cultivate the secret traits of self-made billionaires with THE SELF-MADE BILLIONAIRE EFFECT by John Sviokla and Mitch Cohen Imagine what Atari might have achieved if Steve Jobs had stayed there. Or what Steve Case could have done for Pepsi if he hadn't left for a start-up that eventually became AOL. Scores of billionaires worked for established corporations before they struck out on their own. People like Michael Bloomberg and Mark Cuban went on to build iconic household brands. Why didn't their former employers hang onto to these people? And why are most big companies unable to create as much value as the world's 800 self-made billionaires? Billionaires aren't necessarily luckier, smarter or harder working than the rest of us - and they rarely build something brand-new. The key difference is their mindset. They redefine what's possible - and they are critical to any company looking to create massive value. The Self-Made Billionaire Effect breaks down the five critical habits of massive value-creators, so you can learn how to identify, encourage, and retain them - and even become one yourself. It will forever change the way you think about talent and business value. John J. Sviokla is the head of Global Thought Leadership with PricewaterhouseCoopers. He is a frequent speaker on innovation, growth, and customer behavior. In addition to working with clients, John serves on PwC's Advisory Leadership Group and Global Thought Leadership Council. He was on the faculty of the Harvard Business School for ten years and has written for Harvard Business Review, The Wall Street Journal, Financial Times, and Sloan Management Review. Mitch Cohen is PwC's Vice Chairman. During his 33 years at the firm and 20 years as a partner, Cohen has held a variety of leadership roles and served numerous Fortune 500 clients.
