as provocative questions for discussion in classroom and clinical settings. As a textbook, it stands alongside such standard works as Beauchamp's and Childress's Principles of Biomedical Ethics; DeGrazia's, Mappes's, and Ballard's Biomedical Ethics; Munson's Intervention and Reflection; and Vaughn's Bioethics. Besides presenting current dilemmas in health care, it reviews elements of cognitive psychology, describes common errors in critical thinking, offers techniques for evaluating and integrating evidence into ethical reasoning, assesses professionals and professionalism, invites readers to dissect philosophical analyses to bolster their critical thinking skills, and provides opportunities to engage in self-reflection on contemporary challenges in health care policy and delivery.

Never HIGHLIGHT a Book Again! Virtually all of the testable terms, concepts, persons, places, and events from the textbook are included. Cram101 Just the FACTS101 studyguides give all of the outlines, highlights, notes, and quizzes for your textbook with optional online comprehensive practice tests. Only Cram101 is Textbook Specific. Do animals have moral rights? If so, what does this mean? What sorts of mental lives do animals have, and how should we understand welfare? By presenting models for understanding animals' moral status and rights, and examining their mental lives and welfare, David DeGrazia explores the implications for how we should treat animals in connection with our diet, zoos, and research. *Animal Rights* distinguishes itself by combining intellectual rigour with accessibility, offering a distinct moral voice with a non-polemical tone. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Perfect for introductory ethics courses, this popular anthology encourages a critical examination of contemporary moral problems by presenting differing viewpoints on issues like the death penalty; euthanasia; hate speech and censorship; world hunger and global justice; and the environment. The readings, of which over 40% are new to this Sixth Edition, include relevant legal opinions, as well as selections from the work of some of the most respected contemporary
