Gaming no longer only takes place as a 'closed interactive experience' in front of TV screens, but also as broadcast on streaming platforms or as cultural events in exhibition centers and e-sport arenas. The popularization of new technologies, forms of expression, and online services has had a considerable influence on the academic and journalistic discourse about games. This anthology examines which paratexts gaming cultures have produced - i.e., in which forms and formats and through which channels we talk (and write) about games - as well as the way in which paratexts influence the development of games. How is knowledge about games generated and shaped today and how do boundaries between (popular) criticism, journalism, and scholarship have started to blur? In short: How does the paratext change the text?

Media Today uses convergence as a lens that puts students at the center of the profound changes in the 21st century media world. Through the convergence lens they learn to think critically about the role of media today and what these changes mean for their lives presently and in the future. The book's media systems approach helps students to look carefully at how media is created, distributed, and exhibited in the new world that the digital revolution has created. In this way, Media Today goes beyond the traditional mass communication textbook's focus on consuming media, to give students an in.

Black Ops II sets you off on secret operations as Frank Woods – the protagonist from the original Black Ops game. The non-linear storyline will see you battling during a futuristic Cold War, as well as tackling flashbacks from historical missions and playing as various members of the Mason family. Every decision you make during this story will affect future consequences, giving you a different experience every time you play. With new futuristic weapons, the chance to master a number of different vehicles and modes of transport, and a mysterious villain - known simply as Raul Menendez - Black Ops II is set to be the ultimate Call of Duty game. Shoot your way to victory in our massive and in-depth strategy guide to Call of Duty Black Ops 2. Inside we'll show you: - How to get the best ending in Single Player. - Every single player mission cracked wide open. - Find all 33 hidden Intel's (with HD screenshots). - Zombie mode busted wide open with full map and Easter Egg guides! - Rule multiplayer with our killer class load-outs. - Every multiplayer map with all modes and areas covered in detail! - Every achievement listed.

In what could be his highest-profile mission ever, Dan 'Spider' Shepherd is called in to prevent the assassination of a head of state on British soil. As an MI5 agent, Spider is used to going undercover, but when he's asked to assume the identity of the contract killer hired to take out President Vladimir Putin, he knows he'll become a wanted man. And things are about to get more complicated: Spider is told that his MI5 controller and close friend Charlotte Button has been running an off-the-books assassination operation, taking vengeance on the men who killed her husband. Spider owes his life to Button - but this discovery will stretch his loyalty to the limit...

The sexy heroes of Black Ops, Inc., a covert private security team, sizzle in New York Times bestselling author Cindy Gerard's electrifying new romantic suspense series. THE SULTRY HEAT... Only two things can compel journalist Jenna McMillan back to Buenos Aires after terrorists held her captive there just months before: a rare interview with a shadowy billionaire and the memory of the dark and dangerous man who saved her.... HIDES THE DEADLIEST THREATS... Bad guys, bombs, and bullets are Gabriel Jones's way of life. But he'll never forget the brash redhead he rescued not so long ago...or the passionate kiss they shared before he sent her packing... AND EXPOSES THE DEEPEST DESIRES. Now, forced together by a bombing at the National Congress, Jenna and Gabe confront the urgent longings that simmer between them. But this surprise meeting is no coincidence. A ruthless enemy stalks them with deadly precision. The question is...if they make it out alive, will Gabe turn his back on Jenna...again?

A hard-hitting history of special-forces operations over the past fifty years in the United States, United Kingdom, and Israel. After eight challenging years in Afghanistan, the new U.S. strategy, aimed at winning hearts and minds rather than search-and-destroy, refocuses the conflict on Special Forces: unorthodox soldiers who work outside of traditional military forces to combine secret military operations with nation building. Tony Geraghty, an expert author in this field for almost thirty years, unveils the extraordinary evolution of this refined style of war-making from its roots in anti-guerrilla warfare in Ireland and Palestine, by way of the creation of the C.I.A., the S.A.S., the Green Berets, America 's Office of Strategic Services (O.S.S.), and many others, including Mossad. This history is more than a tale of derring-do, although James Bond-like characters stalk every page. It is a sweeping examination of Black Ops at a time when they represent the future of an open-ended global war against terrorism.

From Action/Adventure novelist Michael Kasner comes a covert military thriller series. Formed by an elite cadre of government officials, the five member Black OPS team goes where the law can ' t - to seek retribution for acts of terror directed against Americans anywhere in the world. BLACK OPS - BOOK THREE: AMERICANS TAKEN HOSTAGE IN GREECE! The Black OPS team ' s priority is to rescue a hostages group of archaeological students, including the niece of the Secretary of State. Blood has already been spilled, and the students face an ever-receding future that will be terminated by torture and death. But the five member Black OPS team have emerged from deep cover to take on the terrorists at their own game... In the tradition of Don Pendleton's Executioner Mack Bolan and Warren Murphy's Destroyer classic paperback book series!
