The definitive guide to 100% original and correct Porsche 911 restoration, this book covers every inch of each 911 generation in precise detail. It includes mechanical details, bodywork, interiors, and more, all illustrated with exquisite color photographs and in-depth text. The last word on the Porsche 911, this book is the resource that no collector--whether a practical restorer or a die-hard enthusiast--can afford to be without.

Restore it right the first time! This information-packed guide provides all the information you need to restore your prized BMW. Contents cover 1600 to 2002 turbo models from the mid-60's to the mid-70's, and include detailed information on restoring bodywork, chassis, engine and trim. Includes production changes, color schemes and history.

The VW Beetle is one of the best-loved of all classic cars, with many thousands preserved across the world, many in regular use. Over the years countless changes were introduced, together making a mid sixties Beetle, for instance, very different from one built in the mid-50s, or mid-70s, despite the obvious similarities. With the aid of hundreds of full colour photographs this new edition in paperback documents all the Beetle's specification changes and model differences during the classic period 1949-67,
