However, for the men tempted to go, the price they paid was the claustrophobia and isolation of life on board and the ever-present possibility of death skimming towards them across the vast, lonely blue sea. Jordan was one of these men. In Citadel, he writes the first account of these dangerous years from someone 'at the front'. A young soldier from the backstreets of Blackpool, he was determined to make the most of his life, but unsure of the way forward.

Not every life purports a North Star of instruction as experienced at a small southern military college. This is not to say that life's most admired guidelines cannot be engaged elsewhere. However, at The Citadel, there is a de fi nitive and measured four-year avenue to frame the promise of a life well lived. Typically, an eighteen-year-old enters and emerges as a well-rounded, goal-oriented, and ethically-adept twenty-two-year-old. The unique and regimented environment sets the course. In this volume, author W. Thomas McQueeney investigates, explores, and charts the other-than-classroom characteristics that become the "toolbox" of the graduate. This impressive array of values engenders a lifelong ideal in areas to include time management, societal interaction, volunteerism, professional priorities, spirituality, teamwork, leadership, determination, and capacity - just to name a few. "I've found that so many graduates from my era have taken what's been ingrained and turned their lives into exemplary stories of production and perseverance," McQueeney stated. "And by staying engaged at the college, it became clear to me that The Citadel experience has remained as a foundation of multi-faceted successes for so many lives - seen in the military, the corporate world, education, business, and especially in the various

religious callings. That observation led me to the idea of cataloguing the full immersive experience so that those values are not only identified and reinforced but extolled." This publication champions an experience focus with lessons that are universal and timeless. As a bonus, the book contains the author's Citadel campus-scenery photography along with the ribald side of Citadel Life as expressed in the cartoons of Ray Mayer '74.

The author of *Iron Cast* delivers "a thrilling adventure story" in this YA fantasy novel of dangerous rebellion against rules with the power of prophecy (Kirkus). In the city of Eldra, people are ruled by ancient prophecies. For centuries, the high council has stayed in power by virtue of the prophecies of the elder seers. After the last infallible prophecy came to pass, growing unrest led to murders and an eventual rebellion that raged for more than a decade. Now Cassa, the orphaned daughter of rebels, is determined to fight back against the high council, which governs Eldra from behind the walls of the citadel. Her only allies are no-nonsense Alys, easygoing Evander, and perpetually underestimated Newt. As Cassa struggles to live up to her parents' legacy, she and her friends try to uncover the mystery of the final infallible prophecy—before it's too late to save the city.

Since its founding in 1842, The Citadel has provided generations of leaders to the state and nation. From its original purpose of providing an education to young men of South Carolina who would perform military duties for the state, it has evolved into an institution of national stature, highly regarded for both its academic reputation and its disciplined environment. Graduates of The Citadel have fought in every United States war since the Mexican War in 1846. Cadets have also achieved prominence in other fields, such as serving in leadership roles in state and national government, education, the professions, and business. With the help of over 200 black-and-white photographs, this work explores the development of The Citadel over the past 160 years, and included are sketches of its visionary founders, faculty members, and leaders. Descriptive vignettes highlight the success of the alumni and give insight into the experiences of the most important element of The Citadel: the South Carolina Corps of Cadets.

The #1 New York Times – bestselling author's story about life at the Citadel in the 1960s, a profound exploration of what it means to be a man of honor. Lt. Col. Nugent Courvoisier, known to the cadets as "the Boo," is an imposing and inspiring leader at the South Carolina military academy, the Citadel. A harsh disciplinarian but a compassionate mentor, he guides and inspires his young charges. Cadet Peter Cates is an anomaly. He is a gifted writer, a talented basketball player, and a good student, but his outward successes do little to impress his abusive father. The Boo takes Cates under his wing, but their bond is threatened when they're forced to confront an act of violence on campus. Drawn from Pat Conroy's own experiences as a student at the Citadel, *The Boo* is an unforgettable story about duty, loyalty, and standing up for what is right in the face of overwhelming circumstances.

Offers the true story of Nancy Mace, the first woman to ever graduate the once male-only military college, The Citadel. Reprint.
