Learn to love yourself and your body with this interactive guide from the “shame-free, fun, cheerful, and no-nonsense” (Bustle) body acceptance advocate and influencer who founded Megababe beauty. “Brilliant, hilarious, adorably illustrated.”—Goop Can you imagine how much free time you’d have if you didn’t spend so much of it body shaming yourself? Katie Sturino knows all too well what it’s like to shit talk yourself. She spent thirty years of her life feeling ashamed of her body and its self-determined wrongness. Now she doesn’t care what anyone thinks of her; she only cares that she’s happy and comfortable with herself. Body positivity and size inclusivity is still a relatively new phenomenon, but Sturino has dedicated her life to unlearning all that beauty standard BS and uses her blog, Instagram, podcast, and non-toxic, solution-oriented beauty products to share the message that changed her life: **YOUR BODY IS NOT THE PROBLEM.** With *Body Talk*, an illustrated guide-meets-workbook, Sturino is here to help you stop obsessing about your body issues, focus on self-love, and free up space in your brain for creative and productive energy. Complete with empowering affirmations, relatable anecdotes, and actionable takeaways, as well as space to answer prompts and jot down feelings and inspirations, *Body Talk* encourages you to spend less time thinking about how you look and what you eat and more time discovering your inner fierceness.

It’s time to bare it all about bodies! We all experience the world in a body, but we don’t usually take the time to explore what it really means to have and live within one. Just as every person has a unique personality, every person has a unique body, and every body tells its own story. In *Body Talk*, thirty-seven writers, models, actors, musicians, and artists share essays, lists, comics, and illustrations—about everything from size and shape to scoliosis, from eating disorders to cancer, from sexuality and gender identity to the use of makeup as armor. Together, they contribute a broad variety of perspectives on what it’s like to live in their particular bodies—and how their bodies have helped to inform who they are and how they move through the world. Come on in, turn the pages, and join the celebration of our diverse, miraculous, beautiful bodies!

Psychology has traditionally examined human experience from a realist perspective, focusing on observable 'facts'. This is especially so in areas of psychology which focus on the body, such as sexuality, madness or reproduction. In contrast, many sociologists, anthropologists and feminists have focused exclusively on the cultural and communicative aspects of 'the body' treating it purely as an object constructed within socio-cultural discourse. This new collection of sophisticated discursive analyses explores this divide from a variety of theoretical standpoints, including psychoanalysis, social representations theory, feminist theory, critical realism, post-structuralism and social constructionism. *Body Talk* reconciles the divide by putting forward a new 'materialist-discursive' approach. It also provides an introduction to social constructionist and discursive approaches which is accessible to those with limited previous
