A modern script book, with scripts based on Contextual Psychology, giving you tools for manifesting real change. These scripts are designed to draw on multiple tools such as NLP (Neuro-Linguistic Programming), ACT Therapy, Mindfulness Meditation, Direct Suggestion, Indirect suggestion and integration of hypnotic phenomena with contextual psychology. There are scripts for medical hypnosis applications, scripts for habit and lifestyle issues, and scripts to meet your clients metaphysical needs or needs for self-improvement. There are also scripts for Guided Mindfulness Meditation sessions. This incredible book contains 65 complete hypnosis scripts for professional hypnotherapy.

Hypnosis is a proven technique that allows people to reprogram their subconscious to change unwanted behaviors. Most books on self-hypnosis require the reader to memorize or record scripts, then put the book aside while they do their hypnosis work. But Instant Self-Hypnosis is the only self-hypnosis book that allows you to hypnotize yourself as you read, with your eyes wide open, without putting down the book. The author's fail-proof method allows you to put yourself into a hypnotic state and then use that state to improve your life in myriad ways. And because the hypnotic state is induced while you read, you remain aware of your surroundings and can bring yourself back to normal consciousness slowly and gently, using the instructions provided.

Creating Trance and Hypnosis Scripts contains tried and tested hypnosis scripts for professional or trainee hypnotherapist's who are looking to help clients solve problems and ailments, from the more common quit smoking session to the less familiar candida. The collection of scripts contained in this book have been collated over many years and have been written by Gemma Bailey who is a qualified practicing hypnotherapist. Gemma has designed each script to include several hypnotic patterns (including language, voice tone, double binds etc) to help aid the trance experience. Changes in the hypnotists voice tonality have been marked out by altering the font of the text. The section called writing hypnosis scripts gives details about the hypnotic patterns and language used by professional hypnotherapists and NLP Master practitioners. This section provides tasks for the reader, encouraging them to use and identify hypnotic language so that they can create their own hypnotic scripts.

This book of more than 100 Hypnotherapy scripts is based on over 20 years of experience. This book is expanded on the first edition to include more hypnotic inductions & 'quit smoking scripts & strategies' and additional description about using the scripts. This isn't just another hypnosis scripts book. It also gives the reader ideas and suggestions on how to run a Hypnotherapy session from gathering information to carrying out the hypnotic work, ending a session and setting tasks. It also introduces Ericksonian Hypnotic language patterns and script structure so that the reader can have a deeper understanding of what is being done in the scripts and why they are written the way they are. This all round package makes this book a valuable resource for anyone wanting to learn more about Ericksonian hypnosis. "A must for all hypnosis and NLP students" Hypnotherapists in training can read and analyse the Hypnotherapy scripts & study the language, structure & multi-level communication used.
