He is just one brain freeze away from superpowers! When Irwin unexpectedly scores the last Fudgsicle left in the ice cream cart at school, he finds out that he is no longer an ordinary fourth grader. With his superhero Grandpa and sarcastic side-kick, Bert the pigeon, Irwin learns to control his powers, culminating in the ultimate showdown with Sweaty Crocker, the villainous evil lunch lady, poisoner of children.

The electrifying number one bestselling adventure from the author of *The Christmasaurus* and *The Creakers* and star of BBC's *Strictly Come Dancing* Tom Fletcher! Franky can't wait to move to his new town - although he wishes he didn't have to leave his best friend Dani behind. But everything changes after the storm, when strange green lightning and powerful thunder crash down on the town. From that night on, the kids who live on Franky's street start to change. One by one, they become a little odd. A little unusual. A little... magical. Franky's always wanted to be part of an amazing gang - just like his hero, super-spy Zack Danger! And soon, he realises that there's real danger in store for himself and his new friends. And so the Danger Gang is born...

Meet Justine McKeen, the Queen of Green. She

talks a little too much, bosses a little too much and tells the truth, just not all at once. She's trying to save the planet, one person at a time, and when she decides to get something done, it's a lot of fun. In Justine McKeen, *Eat Your Beets*, the fourth book in the Justine McKeen series, Justine has another brilliant idea to help the planet. When she learns a stray cat and her kittens are living off the food in their school Dumpster, Justine sets out to reduce waste and help save animals in need. Her friends are supportive, but convincing grumpy Mr. Raymond, the cafeteria's manager, to help them put Justine's plan in action is another matter altogether.

The spellbinding sequel to Tom Fletcher's bestselling magical adventure, *The Christmasaurus*. 'She is the best-kept Christmas secret of all,' whispered Santa Claus. 'Which is surprising, because Christmas itself would not exist without her. She is older than time itself, yet still as young as tomorrow. She is known only as the Winter Witch.' One year has passed since William Trundle's incredible adventure with the most extraordinary dinosaur: the Christmasaurus. Now, William is swept back to the magical North Pole, where he meets the mysterious, icy Winter Witch - whose power to control time allows Santa Claus to make the long journey all around the world every Christmas Eve. And when they learn that the

fate of Christmas itself hangs in the balance, William and the Christmasaurus must work with the Winter Witch to protect it... Full of magic and music, humour and heart, and a friendship like no other, The Christmasaurus and the Winter Witch is the most enchanting Christmas read for the whole family by Tom Fletcher, star of BBC's Strictly Come Dancing

Lucas has dinosaurs on the brain, but he's a little short on friends. When he gets a new book on how to make model dinosaurs, he's inspired to make one immediately. He's not so inspired by his new dinosaur-making kit: all the box contains is a test tube of clear liquid and a few instructions. But when he mixes the liquid into his papier-maché goop, he gets much more than he bargained for, including the most unlikely friend.
