Company Law provides comprehensive coverage of the principles and doctrine of company law, engages with corporate structures, governance, finance, and liquidation, alongside an in-depth exploration of key primary sources.

Company Law 3e provides an in-depth, sophisticated but readable account of the major topics commonly studied in Company Law courses. Hannigan captures the dynamism of the subject, highlights its relevance and topicality and, above all, helps students master its intricacies.

The new edition of Company Law has been specially written with the busy accountant, company secretary and legal practitioner in mind. It contains a complete analysis of all aspects of Company Law, other than insolvency issues. Most importantly this edition incorporates the entirely new Companies Act 2014 including the new rules and reforms under the Act. Company Law gives a comprehensive account of the law governing Irish-registered companies, explaining the 2014 Act and referencing all related leading cases on the subject. Table of Contents 1.Introduction 2.Regulating Companies 3.Company Formation 4.Corporate Responsibility 5.Governance - the Members 6.Management - the Officers 7.Officers Duties and Liabilities 8.Company Contracts and Liabilities 9.Share Capital 10.Shareholders Rights 11.Minority Protection 12.Fundamental Changes 13.Takeovers and Mergers 14.Close Companies and Groups 15.Distinctive Companies 16.Public and Traded Companies 17.Employees 18.Creditors, Debentures and Security 19.Accounts, Audits and Disclosures 20.Striking Off and Winding Up 21.European and International Aspects 22.Litigation Practice and Procedure About the authors Michael Forde Senior Counsel, based in Dublin, practising in Constitutional/Administrative law, EU Law, and aspects of international law, e.g. extradition and mutual assistance. Hugh Kennedy is a barrister, now based in Tokyo, specialising in international trade arrangements

Corporate law and corporate governance have been at the forefront of regulatory activities across the world for several decades now, and are subject to increasing public attention following the Global Financial Crisis of 2008. The Oxford Handbook of Corporate Law and Governance provides the global framework necessary to understand the aims and methods of legal research in this field. Written by leading scholars from around the world, the Handbook contains a rich variety of chapters that provide a comparative and functional overview of corporate governance. It opens with the central theoretical approaches and methodologies in corporate law scholarship in Part I, before examining core substantive topics in corporate law, including shareholder rights, takeovers and restructuring, and minority rights in Part II. Part III focuses on new challenges in the field, including conflicts between Western and Asian corporate governance environments, the rise of foreign ownership, and emerging markets. Enforcement issues are covered in Part IV, and Part V takes a broader approach, examining those areas of law and finance that are interwoven with corporate governance, including insolvency, taxation, and securities law as well as financial regulation. The Handbook is a comprehensive, interdisciplinary resource placing corporate law and governance in its wider context, and is essential reading for scholars, practitioners, and policymakers in the field.

The second edition of this leading work on company directors has been expanded to cover new areas such as tax and provides even greater analysis on dynamic areas including derivative claims, unfair prejudice litigation, and corruption under the Bribery Act 2010.

This book presents a comprehensive study on how twenty-three countries have approached the issue of company groups. In addition to detailed profiles of each country 's legislation, written by some of the most respected experts in the field, the book also presents a general overview and offers readers an in-depth, up-to-date and highly practical comparative analysis of the company group phenomenon in connection with national legal regimes. As such, the book is a must-read for all those seeking a deeper understanding of how company groups are viewed and regulated around the globe.

Celebrating over 30 years as the market-leading series, Blackstone's Statutes have an unrivalled tradition of trust and quality. With a rock-solid reputation for accuracy, reliability, and authority, they remain first-choice for students and lecturers, providing a careful selection of all the up-to-date legislation needed for exams and course use.

Sealy and Worthington's Text, Cases, and Materials in Company Law clearly explains the fundamental structure of company law and provides a concise exploration of each different aspect of the subject. The materials are carefully selected and well supported by commentary so that the logic of the doctrinal or legal argument is unambiguously shown. Notes and questions appear periodically throughout the text to provoke ongoing analysis and debate and enable students to test their understanding of the issues as the topics unfold.This text covers a wide range of sources and provides intelligent and thought provoking commentary in a succinct format. It will be invaluable to all those looking for expert observations and vital materials on company law.
