Anna and the French Kiss meets The Disreputable History of Frankie Landau-Banks in a romantic and hilarious new novel from Brodi Ashton, the author of the Everneath trilogy. Raucous parties, privileged attitudes, underage drinking, and diplomatic immunity . . . it ' s all part of student life on Embassy Row. Piper Baird has always dreamed of becoming a journalist. So when she scores a scholarship to exclusive Chiswick Academy in Washington, DC, she knows it ' s her big opportunity. Chiswick offers the most competitive prize for teen journalists—the Bennington scholarship—which would ensure her acceptance to one of the best schools in the country. Piper isn ' t at Chiswick for two days before she witnesses the extreme privilege of the young and wealthy elite who attend her school—and realizes that access to these untouchable students just might give her the edge she ' ll need to blow the lid off life at the school in a scathing and unforgettable expos é worthy of the Bennington. The key to the whole story lies with Rafael Amador, the son of the Spanish Ambassador—and the boy at the center of the most explosive secrets and scandals on Embassy Row. Rafael is big trouble—and when he drops into her bedroom window one night, asking for help, it ' s Piper ' s big chance to get the full scoop. Except Piper discovers that despite his dark streak, Rafael is smart, kind, funny, and gorgeous—and she might have real feelings for him. How can she break the story of a lifetime if it will destroy the boy she just might love?

Last spring, Nikki Beckett vanished, sucked into an underworld known as the Everneath, where immortals Feed on the emotions of despairing humans. Now she's returned- to her old life, her family, her friends- before being banished back to the underworld... this time forever. She has six months before the Everneath comes to claim her, six months for good-byes she can't find the words for, six months to find redemption, if it exists. Nikki longs to spend these months reconnecting with her boyfriend, Jack, the one person she loves more than anything. But there's a problem: Cole, the smoldering immortal who first enticed her to the Everneath, has followed Nikki to the mortal world. And he'll do whatever it takes to bring her back- this time as his queen. As Nikki's time grows short and her relationships begin slipping from her grasp, she's forced to make the hardest decision of her life: find a way to cheat fate and remain on the Surface with Jack or return to the Everneath and become Cole's...

It's been two months since the dark tunnels of the underworld came for Nikki Beckett. That night, Nikki's boyfriend, Jack, made the ultimate sacrifice and took her place in the Everneath for eternity - a debt that should have been hers. Every night Jack appears in her dreams, lost and confused, and wasting away. All Nikki wants is to save him before it's too late, but no matter how hard she tries to reach for his hand, she can never find it. Desperate for answers, Nikki turns to Cole, the immortal bad boy who wants to make her his Queen - and the one person least likely to help. But it seems Nikki has touched his heart, and surprisingly, Cole agrees to help in the only way he can - by taking Nikki to the Everneath himself. As they descend into the heart of the Everneath Nikki and Cole discover that their journey will be more difficult than they'd anticipated, and more deadly. Nikki vows to stop at nothing to save Jack - even if it means making an incredible sacrifice of her own...

Move over, Charlotte Brontë . The authors of the New York Times bestselling My Lady Jane are back with an irreverent spin on Jane Eyre—a tale of mischief, romance, and supernatural mayhem perfect for fans of The Princess Bride or A Gentleman ' s Guide to Vices and Virtue. You may think you know the story. Penniless orphan Jane Eyre begins a new life as a governess at Thornfield Hall, where she meets one dark, brooding Mr. Rochester—and, Reader, she marries him. Or does she? Prepare for an adventure of Gothic proportions, in which all is not as it seems, a certain gentleman is hiding more than skeletons in his closets, and one orphan Jane Eyre, aspiring author Charlotte Bronte, and supernatural investigator Alexander Blackwood are about to be drawn together on the most epic ghost hunt this side of Wuthering Heights.

A thrilling new novella from the author of the Everneath series! Jack is trapped for eternity in the Tunnels while Nikki has managed to evade Cole's grasp . . . for now. But Cole is more desperate than ever to find answers about Nikki, his best chance for taking over the throne of the underworld. How did she survive the Feed? Can Cole find another Forfeit like her who can survive it too? Cole's quest leads him to the other side of the world, to a mysterious, dangerous society known as the Delphinians, whose price for information might be higher than Cole can pay—a price that could destroy Nikki. But when Cole attempts to steal the answers instead, his mission ends in disaster. Faced with centuries in a Delphinian dungeon, Cole is confronted with questions he's been too scared to ask himself: Is he really obsessed with the throne—or is he obsessed with Nikki? And can she really give him a new beginning as the Everneath's king . . . or will she instead bring about his tragic end?

A career flavor scientist who has worked with such companies as Lindt, Coca-Cola and Cadbury organizes food flavors into 160 basic ingredients, explaining how to combine flavors for countless results, in a reference that also shares practical tips and whimsical observations.

Thinking Forth applies a philosophy of problem solving and programming style to the unique programming language Forth. Published first in 1984, it could be among the timeless classics of computer books, such as Fred Brooks' The Mythical Man-Month and Donald Knuth's The Art of Computer Programming. Many software engineering principles discussed here have been rediscovered in eXtreme Programming, including (re)factoring, modularity, bottom-up and incremental design. Here you'll find all of those and more, such as the value of analysis and design, described in Leo Brodie's down-to-earth, humorous style, with illustrations, code examples, practical real life applications, illustrative cartoons, and interviews with Forth's inventor, Charles H. Moore as well as other Forth thinkers.
