One teenager in a skirt. One teenager with a lighter. One moment that changes both of their lives forever. If it weren't for the 57 bus, Sasha and Richard never would have met. Both were high school students from Oakland, California, one of the most diverse cities in the country, but they inhabited different worlds. Sasha, a white teen, lived in the middle-class foothills and attended a small private school. Richard, a black teen, lived in the crime-plagued flatlands and attended a large public one. Each day, their paths overlapped for a mere eight minutes. But one afternoon on the bus ride home from school, a single reckless act left Sasha severely burned, and Richard charged with two hate

Nearly half of adults, including parents of middle-school students, have never heard of the Common Core State Standards, let alone have a working knowledge of what exactly their children face when it comes to middle-school math. Even teachers acknowledge struggling with how best to teach their students these math standards. CliffsNotes comes to the rescue with this Grade 7 Common Core Math Review. Aligned to the state standards, this book provides essential coverage of the Grade 7 CCSS math that's challenging middle-school students, teachers, and parents alike. The material covers all of the math standards that comprise Grade 7 CCSS math:

- Ratios and proportional relationships
- The number system
- Geometry
- Expressions and equations
- Statistics and probability

Two practice tests round out the book, plus every review chapter includes example problems.

New DSM-5 content! Whether it's an entire course on psychiatric nursing or integrating these principles into an existing course, this is the text that's concise, engaging, and informative.
