Today’s organizations face difficult challenges in order to remain competitive—the quickening pace of change, increasing uncertainty, growing ambiguity, and complexity. To meet these challenges, organizations must broaden the scope of leadership responsibility for strategic leadership and engage more people in the process of leadership. In *Becoming a Strategic Leader* Rich Hughes and Kate Beatty from the Center for Creative Leadership (CCL) offer executives and managers a handbook for implementing a strategic leadership process that reaches leaders at all levels of organizations. Based on CCL’s successful Developing the Strategic Leader Program, this book outlines the framework of strategic leadership and contains practical suggestions on how to develop the individual, team, and organizational skills needed for institutions to become more adaptable, flexible, and resilient. The authors also show how individual managers can exercise effective strategic leadership through their distinctive and systemic approach—thinking, acting, and influencing.

2017 Silver Nautilus Winner 2018 Indie Book Award Finalist Take your ego out of the equation, and watch your company thrive!

Read Book Business 11th Edition Pride Hughes Kapoor Solutions

“ I ’ ve got a solution, ” Encore ’ s CFO tells Brandon, “ but it ’ s unorthodox. ” It ’ s 2005 and Brandon Black has just been promoted to CEO of Encore Capital, a company struggling to navigate an increasingly difficult business environment. Faced with a rapidly declining stock price and low workplace morale, Brandon knows he needs change—and fast. Following his CFO ’ s advice, he and his executive team start working with Learning as Leadership (LaL) and its president, Shayne Hughes. Through their partnership, Encore ’ s executive team learns to root out the unproductive ego habits that undermine collaboration and performance. As they instill these more effective behaviors throughout the organization, Encore begins to solve problems collectively, prioritize resources without infighting, and focus on the initiatives with the greatest strategic value. When the financial crisis of 2008–09 forces 90 percent of its competitors out of business, Encore thrives, with its profits increasing by 300 percent and its stock price by 1200 percent. Told from two lively first-person perspectives, *Ego Free Leadership* brings readers along for Encore ’ s incredible success story. They ’ ll see a CEO overcome his unconscious resistance to modeling the change he wants in his team and discover a time-tested roadmap for eliminating the destructive effects of the ego in teams and organizations.

A monumentally informed and irresistibly opinionated guide to the most un-Spanish city in Spain, from the bestselling author of *The Fatal Shore*. In these pages, Robert Hughes scrolls through Barcelona's often violent history; tells the stories of its kings, poets, magnates, and revolutionaries; and ushers readers through municipal landmarks that range from Antoni Gaudi's sublimely surreal cathedral to a postmodern restaurant with a glass-walled urinal. The result is a work filled with the attributes of Barcelona itself: proportion, humor, and *seny*—the Catalan word for triumphant common sense.

A Comparative History of Commerce and Industry, Volume I offers a subjective review of how the cultural, social and economic institutions of commerce and industry evolved in industrialized nations to produce the institution we now know as business enterprise.

4LTR Press solutions give students the option to choose the format that best suits their learning preferences. This option is perfect for those students who focus on the textbook as their main course resource.
