A good man is hard to find. . . . Finding a partner often feels like an awful lot of work for very little reward. The relationship expert Matthew Hussey used to feel the same way. So he did some field research, taught himself to meet the women he was looking for, and built a business coaching other men to improve their love lives. And now he's sharing his insights with you. It turns out that men and women want the same thing: a lasting, meaningful relationship. Matthew says that finding "the guy" isn't just about finding "a guy." It's about creating a life with someone who engages you at every level. In Get the Guy, Matthew shows you how to be proactive in your love life so that you can meet, talk to, and win over the guy who's right for you—without playing games. After reading this book, you will not only get the guy, but you'll actually get him. You will understand how men think and what they're looking for. Attracting the right guy is about being confident in who you are and the value you bring to the table—so you can find a guy who's as great of a catch as you are!

This volume is about the book itself, as shaped and made by medieval scribes and as conditioned by the cultural understandings that were present in the world where those scribes lived. Questions relating to the provenance, compilation, script, function, and use - both medieval and modern - of manuscripts are raised and are resolved in a fresh manner. A number of different literary genres and types are explored, ranging from devotional materials (e.g. psalters, sermons, and illustrated gospel books) to texts of a more worldly orientation. A number of plates illustrate the work of particular scribes. While some beautiful codices are showcased, the emphasis falls on plain books written in English, including the Vercelli Book, the Exeter Book, and the Blickling Homilies. Analyses of the history of palaeography and the theoryof editing raise the point that whatever we know from old books is conditioned by the tools used to study them.

This " sweet indulgence for your mind, heart, and tastebuds " follows a woman who thought searching for love should be a piece of cake . . . (Molly Tarlov, MTV ' s Awkward). Meeting Mr. Right is never easy. And in a big city like Los Angeles, it ' s even harder. So, after years of fruitless efforts at finding a soul mate, Audrey Shulman decided to take a different route to a man ' s heart—through his sweet tooth. Whipping up a variety of sinfully delicious cakes, Audrey invaded the savage singles scene fully armed with butter, sugar, and frosting. Sitting in Bars with Cake recounts Audrey ' s year spent baking, bar-hopping, and offering slices of cake to men in the hope of finding a boyfriend (or, at the very least, a date). With 35 inventive recipes, this charming book pairs each cake with a short essay and tongue-in-cheek lesson about picking up boys in bars. " This delectable mix of encouragement, anecdote and cream-filling is more than enough reason to start baking and flirting. " —Winnie Holzman, creator of My So-Called Life " This is a delightfully humble and enthralling tale about cake and bars and boys, but it ' s really about life, and what it takes to get up every day and be the person you have always wanted to be. " —Tracy Moore, Jezebel
