With Candide-a classic parody of the romantic, coming-of-age story-and the fifteen other stories in this indispensable collection, Voltaire derided the bureaucracies of his day with ruthless wit. His dissections of science, spiritual faith, legal systems, vanity, and love make him the undisputed master of social commentary.

### **Candide, Zadig and Selected Stories by Voltaire**

Candide parodies the classic, romantic coming-of-age story, with the naïve, ever-optimistic title character confronting the evils of the real world. His forbidden love of a baron's daughter causes Candide to be evicted from his home and sheltered life into a desolate 16th-century Europe--where the strong prey on the weak and misery abounds in the heart of humanity.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Candide by Voltaire from Coterie Classics All Coterie Classics have been formatted for ereaders and devices and include a bonus link to the free audio book. "Do you believe," said Candide, "that men have always massacred each other as they do to-day, that they have always been liars, cheats, traitors, ingrates, brigands, idiots, thieves, scoundrels, gluttons, drunkards, misers, envious, ambitious, bloody-minded, calumniators, debauchees, fanatics, hypocrites, and fools?" "Do you believe," said Martin, "that hawks have always eaten pigeons when they have found them?" ? Voltaire, Candide Candide is a young man who is raised in wealth to be an optimist but when he is forced to make his own way in the world, his assumptions and outlook are challenged.

David Wootton's scalpel-sharp translation of Candide features a brilliant Introduction, a map of Candide's travels, and a selection of those writings of Voltaire, Leibniz, Pope and Rousseau crucial for fully appreciating this eighteenth-century satiric masterpiece that even today retains its celebrated bite.

"The story of Candide, a naive youth who is conscripted, shipwrecked, robbed, and tortured by the Inquisition without losing his will to live, is accompanied by four other stories"--NovelList.

One of Voltaire's earliest tales, Zadig is set in the exotic East and is told in the comic spirit of Candide; L'Ingenu, written after Candide, is a darker tale in which an American Indian records his impressions of France
