I CARRY YOUR HEART WITH ME, rereleased as a board book, is a children's adaptation of the beloved E. E. Cummings poem, beautifully illustrated by Mati Rose McDonough. Showing the strong bond of love between mother and child, within nature and throughout life, Cummings' heartfelt words expressed through McDonough's lovely illustrations combine to create a fresh, yet classic, portrayal of love.

A professional woman is so ambitious that she loses track of who she is and what her place in life really is. She is a single woman without a line of friends or relatives to offer genuine moral support. All of a sudden, she finds herself so out of place that she is subjected to being raped. Now she is so hurt and disgraced that she vanishes from site and is on a mission to find help. Her last resort is an old boyfriend whom she rejected earlier in their lives. He willfully harbors her and all her problems, including her child, to whom she has self-admitted that she was not fit to mother. Unknown to all who knew her, she was not at ease around children. The child she delivered was a boy. He came at a cost of her life for his. She prayed before she died. Her prayers were so real and sincere that the child became everything she wanted the child to beand more. The child even became her, as she would have wanted to be if she were anyone but herself. He becomes a mega priest, and he replenishes all the family and friend-base that she was unable to build.

Here we go, you think, another entertainer's autobiography: Wrong!You have never and will not ever find another story like Carry Your Own Guitar. How an abused, abandoned, 8 year old little white boy adopted by a beautiful Mexican woman who was working under an assumed name in Hollywood films, managed to be transported from a California barrio to the prestigious Juilliard School of Music in New York City, and survive an horrendous automobile accident after being read The Last Rites. This is only the border of the puzzle of Bills life. Fill in the middle with the part where he went on a fishing trip with Rick Nelson and married a beautiful blonde girl that he had only known for three daysA marriage that is still going strong after more than 50 years. Next, find the pieces that fit the years Bill was a member of the elite L.A. recording studio band that played on hundreds of major hit songs in the 60s and 70s. Some guy named Elvis, used to call Bill. The Fixer because of his unique musical ability and insights. No stranger to trouble, the young guitarist almost ended up as a missing piece, when Bill made fun of a foreign dictator over the air on a San Diego radio station. He got put on the rulers international hit list. That could be one of the reasons Bills lifelong friends and members of Los Nomadas used to joke: Dont let em kill the white kid. But, the puzzles not done yet. So, youll have to read the book to see the whole picture. Hold onto your sombreros. Youre in for quite a ride Cant wait for the film version. Holly Rose Garrett, Front Row Lady Music BMI!

Recession-hit American companies are sending people overseas in record numbers in search of new business. But sadly around 75 percent of these expats fail, costing an estimated two billion dollars a year. CEOs, vice presidents of international marketing, and HR departments must learn how to choose and educate the right people to send overseas. Beyond helping companies to save money, this book will help save their reputations in foreign markets, strengthen their relations with partners and governments, and increase their sales and brand loyalty. Dotted with dozens of real-life stories gleaned from the authors' globe-trotting experiences, Carry a Chicken in Your Lap answers these questions: · Why do major corporations keep choosing the wrong people for jobs overseas? · What should they do differently, and how should they do it? · In addition to the billions of dollars lost, what does it cost a company in terms of public standing in a foreign market when it sends the wrong people? · What specific damage do the wrong people do and can any of it be corrected? (The answer may surprise you.) Bruce Alan Johnson's Carry a Chicken in Your Lap: Or Whatever It Takes to Globalize Your Business is the resource you need to ensure success overseas.

" Are the struggles, obstacles and afflictions experienced by George Lee Foley, ordinary or extraordinary? He is an excellent role-model for others. No matter the obstacle, whenever others are placed ahead of self, a great blessing and reward is attained. Throughout this book, it is evidenced in the lives of others that were assisted by the principles applied in this book. The theme is from The Holy Bible Hebrews Chapter 12 verses 1 – 7. (NKJV)

In nearly 25 years as a sports journalist for the Independent, Daily Telegraph, and The Sunday Times, Martin Johnson has covered sporting events all over the world, including cricket and tennis in Australia, golf in America, Formula One in Kuala Lumpur, boxing in Cairo, petanque in Gran Canaria, beach volleyball in Brazil, Olympics in Sydney, football in China, and rugby in South Africa. Sounds like a nice job? You must be joking. Get the true story from sports journalism's equivalent of Victor Meldrew. Ever tried to get a phone call out of Nagpur? Make contact with the office from Norfolk Island? Trudged several miles up a Japanese mountain to watch Britain's No 1 woman skier plough straight through the first gate? Attempted to write a semi-coherent report after a night out with Ian Botham? Nearly frozen to death at a cricket match in New Zealand? Been hi-jacked in Moscow by a drunken Russian? It's hell out there, says Martin, who makes out his case for a life of hardship, deprivation, and a breathless dedication to duty in the face of overwhelming odds. Frankly, however, we still think it reads more like the Life of Riley.

Simple Things You Can Do To Carry Your Child Through School by Dorothy L. Sannes is designed as a self help tool for getting your student ready for kindergarten. It was developed in response to the increasing standards in educational systems; the lack of parental knowledge in what basic skills should be developed prior to a child's entry into kindergarten; the ever increasing prices of the ?miracle answers? in educational development; and our nation's ?No Child Left Behind? legislation.Simple Things is a collection of basic things that you can do with your student. The ideas found within this book require little to nothing. These are things that you do every day that can turn into a learning experience for your child.Develop your child's reading, math, social, science and computer skills with 'Simple Things'!

"A powerful, poetic memoir about what it means to exist as an indigenous woman in America, told in snapshots of the author's encounters with gun violence—for readers of Jesmyn Ward and Terese Marie Mailhot. Toni Jensen grew up in the Midwest around guns: As a girl, she learned how to shoot birds with her father, a card-carrying member of the NRA. As an adult, she's had guns waved in her face in the fracklands around Standing Rock, and felt their silent threat on the concealed-carry campus where she teaches. And she has always known she is not alone. As a Māetis woman, she is no stranger to the violence enacted on the bodies of indigenous women, on indigenous land, and the ways it is hidden, ignored, forgotten. In Carry, Jensen maps her personal experience onto the historical, exploring how history is lived in the body and redefining the language we use to speak about violence in America. In the title chapter, Jensen recalls the discrimination she faced in college as a Native American student from her roommate to her faculty adviser. "The Worry Line" explores the gun and gang violence in her neighborhood the year her daughter was born. "At the Workshop" focuses on her graduate school years, during which a classmate repeatedly wrote stories in which he killed thinly veiled versions of her. In "Women in the Fracklands," Jensen takes the reader inside Standing Rock during the Dakota Access pipeline protests, as well as the peril faced by women, in regions overcome by the fracking boom. In prose at once forensic and deeply emotional, Toni Jensen shows herself to be a brave new voice and a fearless witness to her own difficult history—as well as to the violent cultural landscape in which she finds her coordinates as a Native American woman. With each chapter, Carry reminds us that surviving in one's country is not the same as surviving one's country!"-

Intended for the person who has no experience with firearms, Modern American Gunslinger walks the reader through every aspect of concealed carry, in plain and easy to understand language. 60+ helpful illustrations throughout the text's 400+ pages help the reader decipher complex topics. Nicely organized into nine parts with a detailed table of contents and table of figures, every aspect of concealed carry is covered comprehensively in a candid, yet professional, first person style: Part 1 - Handguns, Rights, and Society; Part 2 - Handgun Basics; Part 3 - Choosing a Handgun; Part 4 - Safety, Training, and Cleaning; Part 5 - Carrying and Self-defense; Part 6 - Handguns in Daily Life; Part 7 - POET Risk Management Strategy; Part 8 - FBI Active Shooter Protocol; Part 9 - Conclusions. The book contains three bonuses: POET - A Personal Risk Management Strategy (PRMS) developed to help the reader; conscientiously lower their risk in everyday society. FBI ACTIVE SHOOTER PROTOCOL - Covers latest guidance from the FBI on Active Shooter situations. COMPANION WEBSITE (modernamericangunslinger.com) - The companion website will help keep you up to date on the latest trends on firearms discussions and provides a forum to interact with the author. The title, Modern American Gunslinger, originates from the author's stark realization that for a firearm to effectively help a person in a civilian self-defense situation, it needs to be brought to bear by the defender within a second or two of a threat materializing. In a chaotic and violent self-defense situation, time and space are commodities that the self-defender does not enjoy.
