At first blush, CARTER & LOVECRAFT is police detective turned PI dime novel the likes of which have been around for decades. However, it doesn't take long to realize that this is no John D. McDonald or Mickey Spillane pulp. I hate spoilers, and saying more about the actual story would, of necessity, be riddled with them.

From author Jonathan L. Howard comes the start of a thrilling supernatural series that brings the H.P. Lovecraft mythos into the twenty-first century, optioned by Warner Bros TV. Daniel Carter used to be a homicide detective, but his last case -- the hunt for a serial killer -- went wrong in strange ways and soured the job for him. Now he's a private investigator trying to live a quiet life. Strangeness, however, has not finished with him. First he inherits a bookstore in Providence from someone he's never heard of, along with an indignant bookseller who doesn't want a new boss. She's Emily Lovecraft, the last known descendant of H.P. Lovecraft, the writer from Providence who told tales of the Great Old Ones and the Elder Gods, creatures and entities beyond the understanding of man. Then people start dying in impossible ways, and while Carter doesn't want to be involved, but he's beginning to suspect that someone else wants him to be. As he reluctantly investigates, he discovers that Lovecraft's tales were more than just fiction, and he must accept another unexpected, and far more unwanted inheritance.

After the End of the World by Jonathan L. Howard brings the H.P. Lovecraft mythos into the twenty-first century. The Unfolded World is a bitter and unfriendly place for Daniel Carter and Emily Lovecraft. In this world, the Cold War never happened because the Soviet Union ceased to exist in 1941. In this world the Nazi Großdeutschland is the premier superpower, and is not merely tolerated but indulged because, in this world, the Holocaust happened behind the ruins of the Iron Curtain and consumed only Bolsheviks, Communists, and others the West was glad to see gone. In this world, there are monsters, and not all of them are human. But even in the Unfolded World, there are still bills to pay and jobs to do. Carter finds himself working for the German secret security service to uncover the truth behind a major scientific joint project that is going suspiciously well. The trail takes Lovecraft and him to a distant, abandoned island, and a conspiracy that threatens everything. To fight it, Lovecraft must walk a perilously narrow path between forbidden knowledge and soul-destroying insanity. Fortunately, she also has a shotgun.

The late Lin Carter was a prolific writer and anthologist of horror and fantasy with more than 80 titles to his credit. This is the first collection of Carter's Mythos tales. It includes his intended novel, "The Terror Out of Time."

H.P. Lovecraft was an American author best known for his classic horror fiction. Lovecraft was virtually an unknown writer during his short lifetime but he is now considered to be one of the most famous writers in the genre of horror fiction. Among Lovecraft's best known works are The Call of Cthulhu, At the Mountains of Madness, and The Shadow Out of Time.Randolph Carter is a fictional character that is thought to be an alter ego of Lovecraft himself. This collection includes the following stories:The Dream-Quest of Unknown KadathThe Statement of Randolph CarterThe UnnamableThe Silver Key

Randolph Carter discovers, at the age of 30, that he has gradually "lost the key to the gate of dreams." As he ages, he finds that his daily waking

exposure to the more "practical", scientific ideas of man, has eventually eroded his ability to dream as he once did, and has made him regretfully subscribe more and more to the mundane beliefs of everyday, waking "real life". But still not certain which is truer, he sets out to determine whether the waking ideas of man are superior to his dreams.

A charmingly gothic, fiendishly funny Faustian tale about a brilliant scientist who makes a deal with the Devil, twice. Johannes Cabal sold his soul years ago in order to learn the laws of necromancy. Now he wants it back. Amused and slightly bored, Satan proposes a little wager: Johannes has to persuade one hundred people to sign over their souls or he will be damned forever. This time for real. Accepting the bargain, Jonathan is given one calendar year and a traveling carnival to complete his task. With little time to waste, Johannes raises a motley crew from the dead and enlists his brother, Horst, a charismatic vampire to help him run his nefarious road show, resulting in mayhem at every turn.

Initially rejected by Lovecraft's publisher, 'At The Mountains of Madness' is now considered a classic of the horror genre. The disturbing, nightmarish story of a journey through Antarctica and a discovery of secrets hidden in a frozen mountain range has influenced writers and film-makers for decades.

James A. Bailey and P. T. Barnum first joined forces to produce a double show in 1881--a royal coupling--inaugurating the "Golden Age" of the American circus. Complete with notes, bibliography, index, and contemporaneous illustrations.
