Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Continues the story of Case from the mid-1950's through the mid-1990's explaining how various equipment came into being and why the focus turned from smaller to larger tractors and later to construction equipment.

Includes section: Industrialized building.

Vols. 76 , 83-93 include Reference and data section for 1929 , 1936-46 (1929- called Water works and sewerage data section)
