Chapter 26 The Cold War - orrisrestaurant.com

The Cold War was a global political and ideological struggle between capitalist and communist countries, particularly between the two surviving superpowers of the postwar world: the United States and the Union of Soviet Socialist Republics (USSR). "Cold" because it was never a "hot," direct shooting war between the United States and the Soviet Union, the generations-long, multifaceted rivalry nevertheless bent the world to its whims.

This new Handbook offers a wide-ranging overview of current

scholarship on the Cold War, with essays from many leading scholars. The field of Cold War history has consistently been one of the most vibrant in the field of international studies. Recent scholarship has added to our understanding of familiar Cold War events, such as the Korean War, the Cuban Missile Crisis and superpower détente, and shed new light on the importance of ideology, race, modernization, and transnational movements. The Routledge Handbook of the Cold War draws on the wealth of new Cold War scholarship, bringing together essays on a diverse range of topics such as geopolitics, military power and technology and strategy. The chapters also address the importance of non-state actors, such as scientists, human rights activists and the Catholic Church, and examine the importance of development, foreign

aid and overseas assistance. The volume is organised into nine parts: Part I: The Early Cold War Part II: Cracks in the Bloc Part III: Decolonization, Imperialism and its Consequences Part IV: The Cold War in the Third World Part V: The Era of Detente Part VI: Human Rights and Non-State Actors Part VII: Nuclear Weapons, Technology and Intelligence Part VIII: Psychological Warfare, Propaganda and Cold War Culture Part IX: The End of the Cold War This new Handbook will be of great interest to all students of Cold War history, international history, foreign policy, security studies and IR in general.

The practise of outlining principles for the conduct of US security policy in so-called doctrines is a characteristic feature

## Bookmark File PDF Chapter 26 The Cold War Abroad And At Home

of US foreign policy. From an international lawyer's point of view two aspects of these doctrines are of particular interest. First, to what degree are the criteria for the use of force, as laid down in these doctrines, consistent with the limitations for the use of force in international law? Second, which law-creating effects do these doctrines have? Furthermore, the legal nature of these doctrines remains uncertain. These matters are examined, beginning with the Monroe Doctrine of 1823 and taking into account the Stimson Doctrine of 1932, the doctrines of the Cold-War period and the Bush Doctrine of 2002. The Bush Doctrine in particular has generated controversies concerning its compatibility with Article 51 of the UN Charter, due to its principle of preventive self-defence.

With a new preface by the author Controversial in nature, this book demonstrates that the United States did not need to use the atomic bomb against Japan. Alperovitz criticizes one of the most hotly debated precursory events to the Cold War, an event that was largely responsible for the evolution of post-World War II American politics and culture.

Chosen by legendary broadcaster Edward R. Murrow to become one of what came to be known as the Murrow Boys, Kalb in this newest volume of his memoirs takes readers back to his first days as a journalist, and what also were the first days of broadcast news. Kalb captures the excitement of being present at the creation of a whole new way of bringing news immediately to the public. And what news. Cold War tensions were high between Eisenhower's America and Khrushchev's Soviet Union. Kalb is at the center, occupying a unique spot as a student of Russia tasked with explaining Moscow to Washington and the American public. He joins a cast of legendary figures along the way, from Murrow himself to Eric Severeid, Howard K. Smith, Richard Hottelet, Charles Kuralt, and Daniel Schorr among many others. He finds

NATO's decision to open itself to new members and new missions is one of the most contentious and least understood issues of the post-Cold War world. This book, an unusual and intriguing blend of memoirs and scholarship, takes us back to the decade when those momentous decisions were made. Former senior officials from the United States, Russia, Western and Eastern Europe who were directly involved in the decisions of that time describe their considerations, concerns, and pressures. They are joined by scholars who have been able to draw on newly declassified archival sources to revisit NATO's evolving role in the 1990s.

A fierce critique of civil religion as the taproot of America's bid for global hegemony Pulitzer Prize-winning historian Walter

## Bookmark File PDF Chapter 26 The Cold War Abroad And At Home

A. McDougall argues powerfully that a pervasive but radically changing faith that "God is on our side" has inspired U.S. foreign policy ever since 1776. The first comprehensive study of the role played by civil religion in U.S. foreign relations over the entire course of the country's history, McDougall's book explores the deeply infused religious rhetoric that has sustained and driven an otherwise secular republic through peace, war, and global interventions for more than two hundred years. From the Founding Fathers and the crusade for independence to the Monroe Doctrine, through World Wars I and II and the decades-long Cold War campaign against "godless Communism," this coruscating polemic reveals the unacknowledged but freely exercised dogmas of civil religion that bind together a "God blessed" America,
