From the Preface by David Freeman, editor of the *Finest Hour*, the journal of The International Churchill Society. "Fred Glueckstein knows Winston Churchill. As can be seen in the essays that follow, Fred's Churchillian interests are both catholic and eclectic. Fred can tell us in detail about members of the Churchill family, such as the seventh Duke of Marlborough; Churchill's mentors, such as J.E.C. Welldon, the headmaster of Harrow; and political patrons such as Sir Henry Campbell-Bannerman, who gave Churchill his first government office. But Fred can also tell us about the lighter side of Churchill's life including the name of every racehorse that Churchill owned." "Churchill knew the great families of his time, and we read about his efforts to assist the son of Theodore Roosevelt. We also learn about the people whose lives orbited that of Churchill such as several of his bodyguards." "As editor of *Finest Hour*, I was responsible for commissioning some of the essays that follow and having the pleasure of being the first person to read them. You will enjoy as much as I have delving into these studies in miniature of the many facets of Winston Churchill."

Indefatigable patriot, seasoned soldier, incomparable orator, and, with Franklin Delano Roosevelt, leader of men --Winston Churchill's greatness in the allies' triumphant victory in World War ii is undisputed. yet, of his many unique qualities, Churchill's enduring legacy is attributable at least in equal part to his unshakeable fascination for the science of war. Churchill's War Lab reveals how Churchill's passion for military history, his inimitable leadership style, and his dedicated support of radical ideas would lead to new technologies and tactics that would enable an allied victory. no war generated more incredible theories, technical advances, and scientific leaps. from the development of radar and the decoding brilliance of Bletchley Park to the study of the D-Day beaches and the use of bouncing bombs, Churchill's War Lab is an exciting new take on Churchill as a complex, powerful, and inventive war leader.
