Online Library Cognitive Processing Skills English

Effective Interpreting

Prominent researchers from the US, Mexico, Chile, Colombia and Spain contribute experimental reports on language development of children who are acquiring Spanish. The chapters cover a wide range of dimensions in acquisition: comprehension and

Online Library Cognitive Processing Skills English

production; monolingualism and bilingualism; typical development, children who are at risk and children with language disorders, phonology, semantics, and morphosyntax. These studies will inform linguistic theory development in clinical linguistics

Online Library Cognitive Processing Skills English

as well as offer insights on how language works in relation to cognitive functions that are associated with when children understand or use language. The unique data from child language offer perspectives that cannot be drawn from adult language. The

Online Library Cognitive Processing Skills English

Effective Interpreting

first part is dedicated to the acquisition of Spanish as a first or second language by typically-developing children, the second part offers studies on children who are at risk of language delays, and the third part focuses on children with specific language

Online Library Cognitive Processing Skills English

impairment, disorders and
syndromes.

A compendium of the latest
developments in research
regarding English language
education for Chinese-speaking
learners, this volume combines

Online Library Cognitive Processing Skills English

cutting-edge research from multiple internationally-known scholars. The chapters offer unique insights into some of the most salient issues related to this broad topic. The seventh volume in the Global Research on Teaching and Learning English

Online Library Cognitive Processing Skills English

Effective Interpreting series, co-published with The International Research Foundation for English Language Education (TIRF), this book features chapters with original research written by TIRF Doctoral Dissertation Grant awardees. The volume addresses the crucial and

Online Library Cognitive Processing Skills English

growing need for research-based conversations on the contexts, environments, goals, and measures of success for Chinese-speaking learners of English. It includes sections on language assessment, perceptions in university contexts, and

Online Library Cognitive Processing Skills English

technology, especially in relation to young learners, in order to promote in-depth discussion of the teaching and learning of English for native speakers of Chinese. The volume's 13 research-based chapters discuss topics such as the impact and

Online Library Cognitive Processing Skills English

Effective Interpreting
implications of using emerging
assessment tools; the increase in
English for Specific Purposes
(ESP) courses; academic speaking
and writing; and teaching in an
online or hybrid environment.
Throughout the book the authors
draw on their knowledge of their

Online Library Cognitive Processing Skills English

Effective Interpreting
multiple contexts, as well as their learners' needs and goals. This volume brings together innovative research for TESOL and TEFL students, language teacher educators, language policy specialists, language assessment scholars, and

Online Library Cognitive Processing Skills English

Effective Interpreting
Language teachers. Readers will become familiar with how these issues related to Chinese-speaking learners of English are being addressed in academic circles around the world.

Writing and Cognition describes

Online Library Cognitive Processing Skills English

Effective Interpreting
