**Colwood Firehouse: Axel** by Kim Fox for me is a 3.5 star read. Axel is a polar bear shifter and he and his animal are both ready to settle down and start a family. Hadley was visiting Colwood and ended up bidding for Axel in the fireman auction, after a night of passion she leaves never expecting to see him again, but when she finds out she's pregnant she goes back to visit and tell him in person.

The second novel in the international publishing phenomenon Ice Planet Barbarians series, now in a special print edition with bonus materials and an exclusive epilogue! Liz Cramer swears she'll find a way out of this alien planet she's stuck on--then she meets Raahosh, the burliest and strongest alien who won't leave her alone, and she just might be okay with it... Twelve humans are left stranded on a wintry alien planet. I'm one of them. Yay, me. In order to survive, we have to take on a symbiont that wants to rewire our bodies to live in this brutal place. I like to call it a cootie. And my cootie's a jerk, because it also thinks I'm the mate to the biggest, surliest alien of the group. Raahosh thinks the cootie's right, because he steals me away from the group, determined to make me like him, or else. He has no idea who he's up against. And if I didn't want his insufferable self so much (thanks, cootie), I'd let him know just what I'm thinking. As it is, I'm doing my best to fight this instant attraction. Just because the symbiont thinks we're meant to be together doesn't mean I have to go along with it. And if we fool around a little, it's just biology. It doesn't mean I'm in love. Or that I'm meant to be his.

His pretend bride-to-be is pregnant! How to keep control of the family business, bring his estranged siblings together and save his sullied reputation? Step one for billionaire businessman Derrick Jameson involves pretending to be engaged to his enemy's sister. He just has to keep his heart—and his secrets—to himself. Out of work and protective of
