Common Core Connections: Math is the perfect tool for helping fourth grade students master Common Core math skills. The Common Core Standards for Math in fourth grade focus on three main areas: multi-digit multiplication and division, equivalence, addition, and subtraction of fractions, and properties of geometric figures. This resource provides focused practice pages for targeting and reinforcing these and other fourth grade math skills while helping students connect comprehension with knowledge and application. Connecting the standards to content has never been easier with the Common Core Connections series for Math. The Common Core Connections series provides teachers with a skill assessment and analysis to help determine individualized instruction needs. Focused, comprehensive practice pages and self-assessments guide students to reflection and exploration for deeper learning! Standards correlations are printed on each page to make planning and documentation simple. This series is an ideal resource
