It can be easy to be green! Follow these suggestions and help save the planet Get on board the green machine! Here's how to assess your technology's green factor and make small changes with big impact. You'll also find tips for using technology in green ways and advice on getting rid of old devices in an environmentally friendly way. Learn what to buy, when to upgrade, where to find green ideas, and much more. Watch your step — calculate the size of your carbon footprint and see how much your electronics contribute to it Do your home work — find great advice to help you make the case to your employer for telecommuting options You have the power — to use less energy, and you'll find lots of ways to do that Green upgrades — discover how to give your current computer a green makeover Buying green — learn what to look for when shopping for a new computer and peripherals When it's time to retire your electronic devices — uncover earth-friendly ways to recycle your old computer and be sure you don't give away your personal data Sharing is good — see how home networks, device sharing, and Windows Home Server can protect the planet The green cloud — find out why cloud computing makes green sense Open the book and find: What the Energy Star can tell you Tips for reducing energy use throughout your home The difference between Energy Star and EnergyGuide How to decide what to print and what to read on an electronic device Ten great places to find green hints Definitions of common green terms How to prepare equipment for recycling Guidelines for setting up a green home office

In the fall of 1930, David Packard left his hometown of Pueblo, Colorado, to enroll at Stanford University, where he befriended another freshman, Bill Hewlett. After graduation, Hewlett and Packard decided to throw their lots in together. They tossed a coin to decide whose name should go first on the notice of incorporation, then cast about in search of products to sell. Today, the one-car garage in Palo Alto that housed their first workshop is a California historic landmark: the birthplace of Silicon Valley. And Hewlett-Packard has produced thousands of innovative products for millions of customers throughout the world. Their little company employs 98,400 people and boasts constantly increasing sales that reached \$25 billion in 1994. While there are many successful companies, there is only one Hewlett-Packard, because from the very beginning, Hewlett and Packard had a way of doing things that was contrary to the prevailing management strategies. In defining the objectives for their company, Packard and Hewlett wanted more than profits, revenue growth and a constant stream of new, happy customers. Hewlett-Packard's success owes a great deal to many factors, including openness to change, an unrelenting will to win, the virtue of sustained hard work and a company-wide commitment to community involvement. As a result, HP now is universally acclaimed as the world's most admired technology company; its wildly successful approach to business has been immortalized as The HP Way. In this book, David Packard tells the simple yet extraordinary story of his life's work and of the truly exceptional company that he and Bill Hewlett started in a garage 55 years ago.

YOU CAN'T MAKE THIS STUFF UP! Here is a hilarious collection that catches real-life knuckleheads in outrageous acts of brazen stupidity, giving new meaning to that famous four-letter word: "DUH"! * The Oregon resident who was waxing his 1984 Pontiac--and somehow managed to shove the antenna up his nose . . . GRANDMOTHER OF EIGHT MAKES HOLE IN ONE * The Atlanta Braves pitcher who was treated for five-inch-long welts after he tried to iron his polo shirt while wearing it . . . MINERS REFUSE TO WORK AFTER DEATH * The inmate at a Chesapeake Correctional Facility who filed a five million dollar lawsuit against himself . . . DRUNK GETS NINE MONTHS IN VIOLIN CASE * The woman who couldn't stand the discomfort of having a callus on her right foot, so she blew off her big toe with a shotgun . . . Radio personality John "Kato" Machay's lively compilation of news stories, headlines, and courtroom gaffes proves hands down that truth is dumber than fiction! REMEMBER: To err may be human, but to laugh out loud is divine.

In an ever-changing world, such as soccer's, only intelligence may truly help, since, besides being able to act effectively, it is essential to know how to think about the best way to act. Therefore, in the more recent years of modern soccer, the tactical component has been increasingly valued and diffused. Particularly in Brazil, this dimension of sport performance has been studied and applied by many professionals of this field, from the youth academies to professional level. This book was conceived to help those who devote much of their time to improving the quality of the game, and to training highly enlightened, creative and intelligent players. Hence, this work presents procedures and ideas that, besides assisting in the task of evaluating the tactical performance of soccer players and teams, also allow improving their expression throughout the learning and training phase.

Jayne Sparks e seus amigos Spike, Chase, Finn e Becky estã o na iminã ncia de uma guerra sangrenta e devem sofrer uma mudan ç a, como crian ç as trocadas, para serem membros dos Fae da Luz com identidades mã gicas. Poderã o se transformar em elfos, ninfas, daemons, i ncubos, an õ es e duendes verdes, querendo ou nã o aceitar suas novas identidades, desapontando-se com elas ou nã o. Tony, por ã m, alegando nã o ter agressividade suficiente para enfrentar a guerra com os Fae das Trevas, se afastou, deixando Jayne Sparks cheia de saudades e entristecida. Mas ela logo recuperarã seu ã nimo, pois conhecerã novos personagens cativantes e estarã engajada num treinamento em que sua natural lideran ç a, por ser determinada e despachada, se farã sentir. Mas a situa ç ã o colocarã muitos dõ vidas, e os novos personagens poderã o revelar facetas inesperadas. Como serã resolvida a questã o entre os Fae da Luz e os Fae das Trevas? Serã o Jayne e seu grupo de amigos capazes de dar conta de uma missã o tã o espinhosa? Muitas respostas a estas perguntas, e outras tantas que foram provocadas pelo primeiro volume da sã rie, serã o respondidas aos leitores. E surgirã o novos e fascinantes enigmas.

A humorous guide to seducing, satisfying, and loving the only man you'll ever need In an act of generosity, Adrian Colesberry has written an exquisitely detailed guidebook to ensure that every reader knows precisely how to please him-in bed and beyond. Brimming with self-indulgent and incredibly bawdy humor, How to Make Love to Adrian Colesberry is a humorous sexual memoir disguised as a manual on Colesberry's pet peeves, favorite positions, and surefire ways to turn on your man (aka Adrian Colesberry). Recounting dozens of annoying peccadilloes and helpful tips gleaned from his experiences with former lovers, Colesberry covers all stages of the court-andconquer-Adrian-Colesberry process. Beginning with how to attract Colesberry, he later progresses to foreplay and finally the full monty, revealing his own erratic, often unerotic sexual history along the way. A pitch-perfect parody that spares no detail, How to Make Love to Adrian Colesberry is a hilarious and filthy new entrant into the fratire genre.
