The early years of the Franco regime saw the formation of a strong governmental propaganda apparatus. Through expansive press laws that solidified state control over public and private media outlets alike, the Franco government directly influenced what information was made available to the public. While music critics and journalists were by no means free from government control and direction, music criticism under the Franco regime did not adhere to any official party "line" on music. Indeed, music criticism often demonstrated a diversity of opinion and ideological belief that runs counter to many common assumptions about journalism under fascist regimes. In Music Criticism and Music Critics in Early Francoist Spain, Eva Moreda Rodríguez presents a kaleidoscopic portrait of the diverse and often divergent writings of music critics in the early years of the Franco regime. Although she does not shy away from the thorny issues of propaganda and censorship, Moreda Rodríguez considers other factors that shaped the journalistic discourse surrounding music. Political rivalries, ideological diversity within musical "conservatism," as well as the explicit and implicit expectations of the Franco government all influenced the diverse landscape of music criticism. Moreover, the central issues that music critics were concerned with during Francoism's early years-modernist music, Spanish early music, traditional music, and music's role in organizing the state-had already been at the center of debates within the press for several decades.Carefully selecting contemporary writings by well-known music critics, Moreda Rodríguez contextualizes music criticism written during the Franco regime within the broader intellectual history of Spain from the nineteenth century onwards. The first critical study of the musical press of Francoist Spain in the broader cultural and social fabric of the regime, Music Criticism and Music Critics in Early Francoist Spain is an essential resource for musicologists interested in 20th-century Spain, as well as Hispanists interested in the early Franco regime.

(Music Minus One). Performed by Christian Reichert, guitar Accompaniment. Plovdiv Philharmonic Orchestra Conductor. Nayden Todorov What is undoubtedly the most famous and most acclaimed guitar concerto ever written is now a fabulous MMO release! The recently deceased Joaquín Rodrigo, foremost proponent of the classical guitar in the concert literature, wrote this masterpiece of 20th-century music in 1939. Gorgeous and eternally popular, it is an indispensable component of any guitarist's library. This deluxe 2-CD set includes a slow-tempo practice version to help you get up to speed. Includes a high-quality printed solo part annotated with track-break indicators and informative liner notes, and a compact disc, voluminously indexed for ease of practice, with two performances in digital stereo: one complete with soloist, then a second minus you, the soloist.

The Hutchinson Concise Dictionary of Music, in 7,500 entries, retains the breadth of coverage, clarity, and accessibility of the highly acclaimed Hutchinson Encyclopedia of Music, from which it is derived.

In compiling this landmark sourcebook, Finnish guitarists Hannu Annala and Heiki Matlik consulted more than 70 music texts as well as dozens of composer resumes acquired from the musical information centers of several countries. During the writing process, which lasted for more than three years, they received additional information from many modern composers, including Leo Brouwer and Reginald Smith Brindle among others. In addition, several internationally renowned performing guitarists provided valuable information; these include Magnus Andersson (Sweden), Remi Boucher (Canada), Margarita Escarpa (Spain), Aleksander Frauchi (Russia) and David Tanenbaum (USA) among others.The authors' aim was to write a well-structured book with separate chapters for each instrument, such as the Renaissance and Baroque guitar, the Renaissance and Baroque lute, the vihuela, etc. This unique structure enables the reader to easily discover which composers wrote for a certain instrument during any given period. In addition to the composers one would expect to find in such a comprehensive listing, the book documents several historical and modern composers for whom little previous information has been available. The book's list of more than 400 guitar and lute concertos dating from the Baroque era to the present day is a totally unprecedented.Short introductions regarding guitar and lute-like instruments as well as their basic histories are provided at the beginning of the book. The authors hope that the Handbook of Guitar and Lute Composers will serve as a practical guide for both amateurs and professionals, encouraging further study of the history of these instruments and expanding the repertoire heard on today's concert stage.

This superbly authoritative new work provides a comprehensive A-Z guide to some 1000 years of Western music. It explores in detail the lives and achievements of a vast range of composers, as well as looking at such key topics as music history (from medieval plainchant to contemporary minimalism), performers, theory and jargon. Through Griffiths skillfully blends lightly worn scholarship with personal insight, whether examining the emotional colouring that different musical keys achieve or charting the rise and development of the symphony.

A rare volume dedicated entirely to scholarship on the genre of the concerto.
