This is the first book to offer a systematic and analytical overview of the legal framework for residential construction. In doing so, the book addresses two fundamental questions:

Get Free Construction

Prevention: What assurances can the law give buyers (and later owners and occupiers) of homes that construction work – from building of a complete home to adding an extension or replacing a shower unit – will comply with minimum standards of design,

safety and build
quality? Cure: What
forms of redress -
from whom, and by
what route - can
residents expect,
when, often long
after completion of
construction, they
discover defects? The
resulting problems
pose some big and
difficult questions of
principle and policy

Get Free Construction

law standards,
rights and remedies,
which in turn concern
justice more
generally. This book
addresses these key
issues in a
comparative context
across the United
Kingdom, Ireland,
Australia and New
Zealand. It is an
accessible guide to
the existing law for

Get Free Construction Law with John

residents and
construction
professionals (and
their legal advisers),
but also charts a
course to further,
meaningful reforms
of the legal landscape
for residential
construction around
the world. The book's
two co-authors,
Philip Britton and
Matthew Bell, have

Get Free Construction

taught in the field in the UK, Australia and New Zealand; both have been active in legal practice, as have the book's two specialist contributors, Deirdre Ní Fhloinn and Kim Vernau.

Although the legal principles involved in construction
