Contemporary Nursing - 8th Edition - Elsevier
Contemporary Management 10e mirrors the changes taking place in today’s management practice by incorporating recent developments in management theory and research. It provides vivid, current examples of how managers of companies, large and small, address the challenges and opportunities they face and how they can effectively meet them.

Essentials of Contemporary Management 8th edition by Jones and George is the concise version of Contemporary Management. Jones and George are dedicated to the challenge of “Making It Real” for students. This edition continues to focus on providing the most up-to-date account of the changes taking place in the world of management and management practices while maintaining our emphasis on making our text relevant and interesting to students. The increased focus on the challenges and opportunities facing businesses large and small and integrated timely examples bring management issues to life for students.

Jones and George are dedicated to the challenge of “Making It Real” for students. As a team, they are uniquely qualified to write about the organizational challenges facing today’s managers. No other author team in the management discipline matches their combined research and text-writing experience. Essentials of Management concisely surveys current management theories and research. Through a variety of real world examples from small, medium, and large companies the reader learns how those ideas are used by practicing managers. The organization of this text follows the mainstream functional approach of planning, organizing, leading, and controlling; but the content is flexible and encourages instructors to use the organization they are most comfortable with. The themes of diversity, ethics, and information technology are clearly evident through in-text examples, photographs, “unboxed” stories, and the end-of-chapter material - all areas of importance that truly serve to bring to life the workplace realities that today’s student will encounter in the course of a career.

This full featured text is provided as an option to the price sensitive student. It is a full 4 color text that’s three whole punched and made available at a discount to students. Also, available in a package with Connect Plus – (ISBN-13: 978007713355).

Contemporary Management 8th Edition Jones and George is the concise version of Contemporary Management. Jones and George are dedicated to the challenge of “Making It Real” for students. This edition continues to focus on providing the most up-to-date account of the changes taking place in the world of management and management practices while maintaining our emphasis on making our text relevant and interesting to students. The increased focus on the challenges and opportunities facing businesses large and small and integrated timely examples bring management issues to life for students.

Contemporary Nursing, Issues, Trends, & Management, 6th Edition prepares you for the rapidly evolving world of health care with a comprehensive yet focused survey of nursing topics affecting practice, as well as the issues facing today’s nurse managers and tomorrow’s nurse leaders. Newly revised and updated, Barbara Cherry and Susan Jacob provide the most practical and balanced preparation for the issues, trends, and management topics you will encounter in practice. Content mapped to the AACN BSN Essentials emphasizes intraprofessional teams, cultural humility and sensitivity, cultural competence, and the CLAS standards. Vignettes at the beginning of each chapter put nursing history and practice into perspective, followed by Questions to Consider While Reading This Chapter that help you reflect on the Vignettes and prepare you for the material to follow. Case studies throughout the text challenge you to apply key concepts to real-world practice. Coverage of leadership and management in nursing prepares you to function effectively in management roles. Career management strategies include advice for making the transition from student to practitioner and tips on how to pass the NCLEX-RN ® examination. Key terms, learning outcomes, and chapter overviews help you study more efficiently and effectively. Helpful websites and online resources provide ways to further explore each chapter topic. Coverage of nursing education brings you up to date on a wide range of topics, from the emergence of interactive learning strategies and e-learning technology, to the effects of the nursing shortage and our aging nursing population. Updated information on paying for health care in America, the Patient Protection and Affordable Care Act, and statistics on health insurance coverage in the United States helps you understand the history and reasons behind healthcare financing reform, the costs of healthcare, and current types of managed care plans. A new section on health information technology familiarizes you with how Electronic Health Records (EHRs), point-of-care technologies, and consumer health information could potentially impact the future of health care. Updated chapter on health policy and politics explores the effect of governmental roles, structures, and actions on health care policy and how you can get involved in political advocacy at the local, state, and federal level to help shape the U.S. health care system. The latest emergency preparedness and response guidelines from the Federal Emergency Management Agency (FEMA), the Centers for Disease Control (CDC), and the World Health Organization (WHO) prepare you for responding to natural and man-made disasters.

This comprehensive text surveys modern management thought and research through a variety of real world examples from small, medium, and large companies. It follows the mainstream functional approach of planning, organizing, leading, and controlling.

The Eighth Edition of Contemporary Curriculum: In Thought and Action prepares readers to participate in the discussion of curriculum control and other matters important to K-12 and university educators. The text highlights major philosophies and principles, examines conflicting conceptions of curriculum, and provides the intellectual and technical tools educators and administrators need for constructing and implementing curriculum.
