Introducing Applied Linguistics provides in-depth coverage of key areas in the subject, as well as introducing the essential study skills needed for academic success in the field. Introducing Applied Linguistics: □ is organised into two Sections: the first introducing Key Concepts in Applied Linguistics; and the second devoted to the Study Skills students need to succeed. □ features specially commissioned chapters from key authorities who address core areas of Applied Linguistics, including both traditional and more cutting edge topics, such as: grammar, vocabulary, language in the media, forensic linguistics, and much more. □ contains a study skills section offering guidance on a range of skills, such as: how to structure and organise an essay, the conventions of referencing, how to design research projects, plus many more. □ is supported by a lively Companion Website, which includes interactive exercises, information about the contributors and why they've written the book, and annotated weblinks to help facilitate further independent learning. Ideal for advanced undergraduate and postgraduate students of Applied Linguistics and TEFL/TESOL, Introducing Applied Linguistics not only presents selected key concepts in depth, but also initiates the student into the discourse of Applied Linguistics. Susan Hunston is Professor of English Language and Head of the School of English, Drama, and American & Canadian Studies, at the University of Birmingham, UK. David Oakey is an Assistant Professor in the Applied Linguistics Program at Iowa State University, USA. Contributing authors: Svenja Adolphs, Aileen Bloomer, Zoltán Dörnyei, Adrian Holliday, Alison Johnson, Chris Kennedy, Almut Koester, Ruby Macksoud, Kirsten Malmkjaer, Kieran O'Halloran, David Oakey. The CEFR Companion volume broadens the scope of language education. It reflects academic and societal developments since the publication of the Common European Framework of Reference for Languages (CEFR) and updates the 2001 version. It owes much to the contributions of members of the language teaching profession across Europe and beyond. This volume contains: □ an explanation of the key aspects of the CEFR for teaching and learning; □ a complete set of updated CEFR descriptors that replaces the 2001 set with: - modality-inclusive and gender-neutral descriptors; - added detail on listening and reading; - a new Pre-A1 level, plus enriched description at A1 and C levels; - a replacement scale for phonological competence; - new scales for mediation, online interaction and plurilingual/pluricultural competence; - new scales for sign language competence; □ a short report on the four-year development, validation and consultation processes. The CEFR Companion volume represents another step in a process of engagement with language education that has been pursued by the Council of Europe since 1971 and which seeks to: □ promote and support the learning and teaching of modern languages; □ enhance intercultural dialogue, and thus mutual understanding, social cohesion and democracy; □ protect linguistic and cultural diversity in Europe; and □ promote the right to quality education for all.

The definitive, bestselling book on the origins of nationalism, and the processes that have shaped it. *Imagined Communities*, Benedict Anderson's brilliant book on nationalism, forged a new field of study when it first appeared in 1983. Since then it has sold over a quarter of a million copies and is widely considered the most important book on the subject. In this greatly anticipated revised edition, Anderson updates and elaborates on the core question: what makes people live and die for nations, as well as hate and kill in their name? Anderson examines the creation and global spread of the "imagined communities" of nationality, and explores the processes that created these communities: the territorialization of religious faiths, the decline of antique kinship, the interaction between capitalism and print, the development of secular languages-of-state, and changing conceptions of time and space. He shows how an originary nationalism born in the Americas was adopted by popular movements in Europe, by imperialist powers, and by the movements of anti-imperialist resistance in Asia and Africa. In a new afterword, Anderson examines the extraordinary influence of *Imagined Communities*, and the book's international publication and reception, from the end of the Cold War era to the present day.
