trigger!

Oliver Velez, co-founder of Pristine.com and current CEO of Velez Capital Management, is renowned for his effective trading skills and specialized knowledge in technical analysis. His educational seminars are sought after by traders and often attended multiple times to extract every piece of wisdom from his presentations. Now, one of his most legendary sessions jumps from the screen into your hands in this coursebook of Velez's famed Swing Trading techniques. With detailed text and a vivid 90-minute DVD, you'll explore and master a highly profitable niche that exploits the two- to five-day holding period – a method too brief for large

File Type PDF Core Trading Tactics

institutions, too lengthy for day traders, yet perfectly suited for individual investors with a mind toward success. In his captivating, high-energy style, Velez shows you how to: Spot opportunities using proven swing trading criteria; Define periods of market uncertainty and make the right moves; Discover key set-ups and effectively use moving averages; Read charts successfully, especially Japanese Candlesticks; Win by going against conventional trading wisdom; Understand and profit from understanding market psychology. Only in this book/DVD course combination will you be able to fully absorb the wealth of material that Oliver Velez is set up to offer. The easy-to-understand definitions and eye-opening self-tests bring the information to you

File Type PDF Core Trading Tactics

and the power to your trades. Don't end up on the wrong side of the market. Swing Trading is the perfect tool for the investor who wants to understand the forces that shape the trading arena. This presentation has been viewed live and on DVD by hundreds of thousands of traders. Now you can use this course to rise above the impulse of novice traders. It's the best way to master the cycles and win consistent profits.

Trading is simple. Being a successful trader may not. Trading is not just about charts and numbers- it is equally as dependent on the management of self. Channeling emotions, training mental rigidity, and practicing constructive habits outside of trading hours

File Type PDF Core Trading Tactics

are equally as vital. This guide will walk you through, step by step, the process of conducting a winning trade. This process begins before you turn on your computer and ends long after the closing bell.. This book is not just filled with knowledge. There are countless pieces of literature floating around that can dispense the knowledge necessary to successful trading. This book offers something different- something not easily conveyed. There is a great disconnect between knowledge and application. Individuals can absorb all the information they want, but the bridge between abstract theories and real performance eludes the vast majority of traders. The goal of this book is to construct a reliable conduit between all of the jumbled

File Type PDF Core Trading Tactics

concepts surrounding trading and the materialization of your success. "Practice does not make perfect. Perfect practice makes perfect" -Vince Lombardi Jr.

Options Trading the Hard Way is a comprehensive guide that explains and teaches, through examples and in-depth descriptions, option trading as it is experienced in real life. The book seeks to impart on readers the knowledge usually only gained after years of active option trading in the trenches. Topics covered in the book include understanding liquidity, determining (reality based) Risk/Reward, estimating price targets (using options), Closed and Open structures, setting Profit and Loss Targets and developing P&L Plans,

File Type PDF Core Trading Tactics

using Delta to gauge probability, time stops, gap moves, the importance of discipline and much more. Options Trading the Hard Way also presents a comprehensive, beginning-to-end option trading process including identifying set-ups, selecting and pricing structures, planning trades from both a risk and profit management perspective, trading into positions without getting ripped off, managing open positions, evaluating potential tactical and strategic adjustments, exiting positions and properly managing expiration issues such as assignments and exercises. Also included in the book:

- Comprehensive overview of option fundamentals from a trader's perspective-
- Over 25 core option trading strategies-
- Over 20 tactical and strategic

File Type PDF Core Trading Tactics

adjustment techniques- Three comprehensive trade examples covering the topics discussed in the book (also published under the title Option Trading Kung Fu)

A timely guide to profiting in markets dominated by high frequency trading and other computer driven strategies Strategies employing complex computer algorithms, and often utilizing high frequency trading tactics, have placed individual traders at a significant disadvantage in today's financial markets. It's been estimated that high-frequency traders—one form of computerized trading—accounts for more than half of each day's total equity market trades. In this environment, individual traders need to learn new

File Type PDF Core Trading Tactics

techniques that can help them navigate modern markets and avoid being whipsawed by larger, institutional players. Trading the Measured Move offers a blueprint for profiting from the price waves created by computer-driven algorithmic and high-frequency trading strategies. The core of author David Halsey's approach is a novel application of Fibonacci retracements, which he uses to set price targets and low-risk entry points. When properly applied, it allows traders to gauge market sentiment, recognize institutional participation at specific support and resistance levels, and differentiate between short-term and long-term trades at various price points in the market. Provides guidance for individual traders who fear they can't compete in

File Type PDF Core Trading Tactics

today's high-frequency dominated markets Outlines specific trade set ups, including opening gap strategies, breakouts and failed breakout strategies, range trading strategies, and pivot trading strategies Reveals how to escape institutional strategies designed to profit from slower-moving market participants Engaging and informative, Trading the Measured Move will provide you with a new perspective, and new strategies, to successfully navigate today's computer driven financial markets
