Approaches to Enterprise Risk Management is a multi-author book written by leading experts in the field of risk management including Aswath Damodoran, John C. Groth and David Shimko. It is a valuable tool that enables you to assess the potential business threats, both

from within your organization and from external sources. It comprises over 25 chapters covering the range of risks your organization might face including financial, strategic, operational risks. It offers you over 20 practical step-by-step guides on the required steps to cope with any detrimental event that could impact on your company's financial health. There are also a range of checklists including Balancing Hedging Objectives with Accounting Rules (FAS 133) , Creating a Risk Register, What Is Forensic Auditing? And Managing and Auditing the Risk of Business Interruption, Captive Insurance Companies: How to Reduce Your Costs, Hedging Credit Risk-Case Studies and Strategies.

The great depression in the popular recording industry that began in 1979 still continues. There are signs, however, that the industry is adjusting to new technologies and may soon revive. R. Serge Denisoff documents the decline and possible revival of this comprehensive study of the recording business, a sequel to his widely acclaimed *Solid Gold: The Popular Record Industry*. Denisoff offers a brief history of popular music and then, in detail, traces the life cycle of a record, beginning with the artist in the studio and following the record until its purchase. He explains the relationships between artist, manager, producer, company, distributor, merchandiser, and media. They all play roles in the scenario of a hit record. He also discusses the new technologies and how they may affect record sales, especially round-the-clock rock and roll on cable television. *Tarnished Gold* joins *Solid Gold* as a staple in the popular culture literature.

This book offers a comprehensive understanding of the concept and scope of the tourism industry in general and of destination marketing and management in particular. Taking an integrated and comprehensive approach, it focuses on both the macro and micro aspects of destination marketing and management. The book consists of 27 chapters presented in seven parts with the following themes: concept, scope and structure of destination marketing and management, destination planning and policy, consumer decision-making processes, destination marketing research, destination branding and positioning, destination product development and distribution, the role of emerging technologies in destination marketing, destination stakeholder management, destination safety, disaster and crisis management, destination competitiveness and sustainability, and challenges and opportunities for destination marketing and management.

*Caribbean Business Law* breaks away from the traditional English approach of treating business law primarily as the law of contract and agency. It provides a broad overview of the foundation of various legal systems and goes on to examine the various areas of legal liability that may impact on business activities. These areas include tort law, criminal law, internet law and payment in business transactions. Specifically, the book targets the development of business law in several Commonwealth jurisdictions, including Canada and Australia, but with special focus on legal developments in Commonwealth Caribbean countries. The approach of the book is to present excerpts from judgments, so as to enable students to understand legal principles as espoused by the judiciary without the filtering bias of authors. This new title is essential reading for students taking LLB and Business Degree courses in the Caribbean and other Commonwealth jurisdictions.

This practical guide can help any business or organization make sense of the social media buzz and build a successful online community. • Offers in-depth, how-to advice on the four major social media platforms of interest to most businesses and explores corporate blogging • Shares both social media success stories and cautionary examples of real-world social media efforts gone awry • Explores the future of social media marketing

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.
