Perfect your mental approach to your game To be a golfer is to tinker—with everything from equipment to grip to swing. But one thing most players don't give enough attention to is the mental game. Psychologists aren't a new phenomenon in golf, but Dr. Michael Lardon is a different breed of performance coach. Instead of sending his players into a losing battle against emotion, indecision, and fear on the golf course, he shows them how to organize their thoughts and use them for maximum performance. His step-by-step Pre-Shot Pyramid provides any player with the ideal blueprint for shot setup. And his revolutionary Mental Scorecard will give you the tools to accurately measure what you really do on the golf course and how to make real, permanent improvements. You will learn the same techniques that Dr. Lardon shares with Phil Mickelson and dozens of other tour players, including the tools that helped Mickelson right himself after the 2012 U.S. Open to win the British Open a month later with a historic final round. Mastering Golf's Mental Game will change the way you think about golf, and is a must-read for any player serious about shooting better scores and getting more enjoyment out of the game.

This book explains how an organization can measure and manage performance with the Balanced Scorecard methodology. It provides extensive background on performance management and the Balanced Scorecard, and focuses on guiding a team through the step-by-step development and ongoing implementation of a Balanced Scorecard system. Corporations, public sector agencies, and not for profit organizations have all reaped success from the Balanced Scorecard. This book supplies detailed implementation advice that is readily applied to any and all of these organization types. Additionally, it will benefit organizations at any stage of Balanced Scorecard development. Regardless of whether you are just contemplating a Balanced Scorecard, require assistance in linking their current Scorecard to management processes, or need a review of their past measurement efforts, Balanced Scorecard Step by Step provides detailed advice and proven solutions.

There's an incredible similarity between the mechanics of a fly cast and the swing of a golf club. Perhaps that's why Chris Santella, author of *Fifty Places to Fly Fish Before You Die*, can be found on the links when he's not on the stream. With *Fifty Places to Play Golf Before You Die*, Santella gives voice to his other sporting passion, interviewing 50 people intimately connected to the sport about some of their favorite courses around the world. For both passionate golfers and armchair travelers, this gorgeous full-color book presents the world's greatest golf venues, the personal favorites of renowned players, course architects, and other experts in the sport. From Ballyliffin, Ireland's northernmost course, whose ruffled fairways wander along the North Sea in the shadows of Glashedy Rock, to New Zealand's Cape Kidnappers, perched atop dramatic cliffs some 500 feet above the ocean, the book's beautiful photographs capture the architecture, noteworthy holes, location, and ambiance that make these courses standouts for ardent golfers. A brief history of each course, an experiential account filled with local color from the person recommending the venue, and trip-planning advice provide adventurous readers with all the information they need to chip and putt their way around the globe. A close-up look at golf's top courses around the world, recommended by such experts as Nick Faldo and Christie Kerr (pro golfers), Pete Dye and Tom Doak (course architects), Brian McCallen (editor and author), and Donald Trump. With breathtaking color photographs of each site, this is a great gift for avid golfers and armchair travelers alike.
