This is the ultimate collection of crochet stitch inspiration! 440 stitches are presented in color, each with a sample swatch of the fabric and charted instructions with notes and detailed chart keys. Divided into ten chapters by the type of stitches, such as shells, waves and chevrons, openwork, cables and textures, and even borders and granny squares, this collection boasts a vast variety of stitches, well organized and presented in an easy-to-use fashion. You'll reference this indispensable resource again and again!

12 crochet patterns included! If you have never crocheted before, NO PROBLEM. Everyone has to start somewhere. In this book, we will be going step by step through ten cute little amigurumi crochet patterns. Also included are basic stitch tutorials to help you along the way Patterns for many different house plants: Succulent EcheveriaSansevieria (Snake Plant)Lucky BambooAloe VeraPalm TreeVenus Fly TrapTreeSucculent SedumBonsai TreeHanging Plants x 3What started as something to pass the time during quarantine has turned into so much more. These toys bring me joy when I make them and even more when I give them away. I hope that my creations will bring you and your lucky loved ones hours of happiness as well. When I first started, it took me a week just to figure out how to make a ball. It took even longer to get my fingers and hands used to holding a crochet hook. Crocheting can be frustrating at first but like with all things new, your body will develop muscle memory and over time, you will find that it will get easier. Always remember that nothing is hard, only new. There is no right way or wrong way to crochet. Whatever works for you, your body, and your ability is the right way. Crochet is an art form and like all art forms, is open to personal interpretation. Crochet patterns function as guidelines only, and I encourage you to bring your own artistic flair to each pattern. Do not be afraid to use different hooks or types of yarn. Experiment by changing the colors. Add accessories, modify the body shape, and bring your own individual spice to each pattern. Sometimes it will work; most of the time, it will not, and that is perfectly fine because in the end, you will end up with something that is yours. Something that you created. Your own little knotmonster.

Teach yourself the fun art of crochet! In this follow-up guide to Crochet Stitches and Easy Projects, Leisure Arts presents 19 additional stitches for the beginning crocheter. Make a doll-size afghan, a half-circle rug, and a textured pillow.

This amazing collection of trophy animal heads to crochet will be a stunning addition to any home. Inside this colorful book there are 10 fabulous trophy animals to choose from. Simply place above the fireplace for a great conversation piece or on a child's bedroom wall for a playful decoration. The projects vary in level of complexity and there is a comprehensive techniques section to help you learn all the necessary skills. Each project includes beautifully drawn crochet charts and detailed instructions.

Dreamcatchers are quite a special decorative item. They are meant to have mystic properties and they are often given as gifts for protection. Some people, however, may just like the look of a dreamcatcher and the sounds that it makes when it catches the wind. Dreamcatchers are usually made from wood and string or metal and stones, but it is not uncommon to see a piece that was made using a crocheting technique. In fact, crochet dreamcatchers can look quite stunning, especially if adorned with beads, stones and feathers. They can also be a very thoughtful gift for a collector or someone who believes in their mystic properties. Making a crochet dreamcatcher isn't the most difficult of tasks, but having a pattern to work from is always helpful, especially for inexperienced crocheters. Using a pattern to make your piece may not result in a unique final product, but it will definitely hurry the process along. So if you'd like to make a dreamcatcher for yourself or a loved one, please feel free to look over our Crochet Dream Catcher Patterns and Tutorials.
