DARKMOON: One hundred and fifty years ago, a terrible curse descended on the Wilcox clan, dooming generations of women to an early death should they bear a child to the bloodline of Jeremiah Wilcox. Now Angela McAllister is carrying Connor Wilcox's child, and if she can't find a way to break the curse, that same doom will fall upon her.

The answer to the end lies at the beginning... One hundred and fifty years ago, a terrible curse descended on the Wilcox clan, dooming generations of women to an early death should they bear a child to the bloodline of Jeremiah Wilcox. Now Angela McAllister is carrying Connor Wilcox's child, and if she can't find a way to break the curse, that same doom will fall upon her. The solution to her dilemma lies somewhere in the past--her own, and that of the woman who cast the curse so many years before. Angela's quest to find the answers she needs will transform the lives of everyone she knows, Wilcox and McAllister alike, and will forever change everything she has ever believed about herself.

Ancient curses...family feuds...finding a happily ever after can be a real nightmare for the modern witch. DARKANGEL: As the future prima, or head witch of her clan, Angela McAllister is expected to bond with her consort, her soul mate, during her twenty-first year, thus ensuring that she will come into her full powers at the appointed time. The clock is ticking down, and her consort has yet to make an appearance. Instead, her dreams are haunted by a man she's never seen, the one she believes must be her intended match. But with time running out, and dark forces attempting to seize her powers for their own, Angela is faced with a terrible choice: give up her dreams of the man she may never meet and take the safer path, or risk leaving her clan and everyone in it at the mercy of those who seek their ruin. DARKNIGHT: Kidnapped by a rival witch clan, Angela McAllister envisions a dark future for herself until she discovers her captor's brother is the unknown man who has haunted her dreams since she was a child. Forced to re-evaluate everything she's ever known about the Wilcox witches, Angela begins to explore the powerful connection that binds her to Connor Wilcox, despite the generations of hostility between their families and the disapproval of those closest to her. And when a dark, malignant force arises,

Angela knows she must draw on her growing powers as prima to protect enemies and allies alike...even if her choice threatens to tear her new and fragile love apart. Their chemistry could make their show a monster hit – if the monsters don't kill them first. On the surface, psychologist Audrey Barrett is the perfect co-host for Michael Covenant's new cable series, Project Demon Hunters. She's smart, articulate, and photogenic as hell. There's just one problem. Michael has made it his mission to stay out of her orbit. Thanks to his producer's stubborn insistence, however, there's no avoiding her – which means Michael will have to bury his secrets even deeper. After the tragedy that took her parents more than ten years earlier, Audrey has kept herself on the fringe of the paranormal world. But with her small therapy practice floundering, the money the show's offering is too good to pass up. From the moment they step inside a rundown mansion, things start flying: sparks between Audrey and Michael, not to mention furniture hurled by something determined to make sure their investigation fails. Worse, evil seems to have followed Audrey home – and she discovers why the man at her side on camera is the last man she can trust in real life. WARNING - there is some mild swearing and the book has a cliffhanger ending! Who you are on the inside is more important than what you are on the outside... But not when you're fated to be a lab rat for the rest of your life. Sixteen-year-old Tessa, a vampire with weird throwback human genes, is an outsider in both worlds. Always the odd one. Now, imprisoned in a blood farm, she fights to free herself and rejoin her family and friends. Especially one young male vamp. Cody, eighteen and the youngest of the long line of ancient flyer vampires, wants Tessa back at his side where she belongs - even as he struggles with conflicting emotions about his best friend's kid sister-turned-hottie. Jared, the cute human who'd befriended Tessa, is relieved to be rescued and wants to see the trussed-up, drugged humans in the warehouse taken care of. Only he's freaked that the people who rescued him are vampires...and then he finds out the truth about Tessa... Thankfully, the rescue team comes to take over the warehouse and rescue the victims... or have they?

Project Demon Hunters is canceled...but apparently no one told the demons. Knowing how the horrifying events that took place while filming Project Demon Hunters shook his friend Michael Covenant to the core, Will Gordon readily says yes to Michael's request to be ready – as a friend and as an Episcopal priest – in case psychic Rosemary McGuire calls for help. Rosemary doesn't know exactly why the show was canceled...other than a demon murdered the show's producer, and the network buried every scrap of harrowing footage under a ton of hacker-proof security. When an independent filmmaker shows up at Rosemary's metaphysical bookshop with tantalizing clues that a backup copy of the missing footage exists, she promises Michael she'll call some crusty old priest "in a pinch," and begins following a trail of impossibly tiny bread crumbs. But that trail doesn't just lead her somewhere. It leads something to Rosemary, alarming enough that she calls Michael's priest friend...who turns out to be way younger and heroically handsome than she could have ever anticipated. But the heat between them may be no match for the demonic fire that grows hotter and more dangerous the closer they get to the truth.

Never get into a bidding war with a demon. Winning could be murder. One phone call from her mother, and Selena Marx's relatively quiet summer ends with the clang of alarm bells in her head. Mom and her husband are coming to Globe...and not just to meet Selena's boyfriend of two months, Calvin Standingbear. They've also dipped a toe into the local real estate market. By buying the most haunted Victorian mansion in town. Sight unseen. Resigned that there's no talking them out of their vacation

rental dreams, Selena checks the place out for herself. Oddly, she senses nothing. But there's no mistaking the unholy racket of bangs, wails, and evil laughter blasting through the walls. Something is infesting this house, and it's not your garden-variety ghost. This time, her arsenal of moon water, coffin nails, and rock salt isn't going to cut it. Selena needs backup, but when it arrives, the house strikes back - hard and deadly. Now her parents are murder suspects. If Selena can't find the true culprit, she could be the haunted mansion's next victim.
