(Jazz Book). The excitement of a musical career spanning over 30 years is captured here in the 22 solos composed by Gordon and transcribed directly off his recordings. Chord changes for tenor sax and 'in concert' key are provided along with Gordon's own articulations.

(Fake Book). The Real Books are the best-selling jazz books of all time. Since the 1970s, musicians have trusted these volumes to get them through every gig, night after night. The problem is that the books were illegally produced and distributed without any copyrights or royalties paid to the master composers who created these musical canons. Hal Leonard is very proud to present the first legitimate and legal editions of these books ever produced. You won't even notice the difference...the covers look the same, the engravings look the same, the songlist is nearly identical, and the price remains fair even on a musician's salary! But every conscientious musician will appreciate that these books are now produced legally and ethically, benefitting the songwriters that we owe for some of the greatest music ever written! 400 songs, including: Air Mail Special \* Birdland \* Bye Bye Blackbird \* Caravan \* Doxy \* Fly Me to the Moon (In Other Words) \* Georgia \* Girl Talk \* I Remember You \* I Thought About You \* In Walked Bud \* The Jodi Grind \* Just the Way You Are \* Killer Joe \* Little Sunflower \* Mercy, Mercy, Mercy \* Moanin' \* The Nearness of You \* Now's the Time \* Old Devil Moon \* Phase Dance \* St. Thomas \* Speak Low \* Stardust \* Tangerine \* Tenor Madness \* Watch What Happens \* Whisper Not \* Willow Weep for Me \* Yardbird Suite \* and more.

(Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part, as well as in the vocal line.

Body & Soul, a song with music by Johnny Green and lyrics by Frank Eyton, Edward Heyman, and Robert Sour, was first published in 1930. It became a popular tune for jazz musicians. This volume presents transcriptions and analyses of recorded solos by Coleman Hawkins, Lester Young, Stan Getz, Sonny Rollins, John Coltrane, Dexter Gordon, Michael Brecker, and Chris Potter. With a foreword by Chris Potter.

The Blue Devils have received very little attention from jazz historians, though the band members and the writer Ralph Ellison (who sometimes sat in with them) spoke with conviction about their sterling musicianship and their legendary ability to defeat all competitors in battles of the bands. Chronicling the ten years the band was officially together, Douglas Daniels delves into the potent social and cultural history of the 1920s and the Depression to show the era's influence on the group's founding as well as on the players' careers.

Each volume contains over 150 tunes.

Tenor saxophonist Dexter Gordon was one of the major innovators of modern jazz. In a context of biography, history, and memoir, Maxine Gordon has completed the book that her late husband began, weaving his "solo" turns with her voice and a chorus of voices from past and present. She shows that his image of the cool jazzman fails to come to terms with the three-dimensional man full of humor and wisdom, a figure who struggled to reconcile being both a creative outsider who broke the rules and a comforting insider who was a son, father, husband, and world citizen. -- adapted from publisher info
