MCQs for ENT: Specialist Revision Guide for the FRCS is a key resource for candidates preparing to sit the FRCS (ORL-HNS). It contains over 300 single best answer questions and over 70 extended matching questions to help candidates prepare for all aspects of ENT they may face in this challenging exam. Written by expert consultants who have succeeded in the exam, this resource provides comprehensive coverage of theory and practice, including new questions on challenging topics such as electroencephalography and voice clinic procedures, and questions on rare topics such as oropharyngeal cancers. All answers have full explanations, providing candidates with high-quality self-assessment in order to maximize exam success. Providing a thorough assessment of the reader's ENT knowledge, this is an essential revision book for any candidate facing the FRCS ORL-HNS exam.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The twelfth edition of this textbook has been fully revised to present undergraduates and ENT trainees with the most recent advances in the diagnosis and treatment of ear, nose and throat diseases. Organised by anatomical region, each section begins with anatomy and physiology then covers the investigation, diagnosis and management of related diseases and disorders. Each section includes multiple choice questions (MCQs) for self assessment. This new edition includes many new illustrations, as well as additional chapters on neck masses, chemotherapy for head or neck tumours, otolaryngologic concerns in syndromal children, and histopathology of common ENT diseases. Key points Fully revised, new edition on ear, nose and throat diseases Organised by anatomical region, covering many disorders MCQs included for self assessment in each section Nearly 400 full colour images and illustrations Previous edition published in 2008

Praise for the previous edition: Should be found in every otolaryngology clinic or office affiliated with a teaching institution -Otology & Neurotology Recommend[et]...without hesitation.-The Journal of Laryngology & Otology You do not have to be specifically interested in ENT to appreciate or fine this book of usemany other medical disciplines...will find this book an invaluable resource and reference guide.---Annals of the Royal College of Surgery March 2011Expanded discussion of such topics as facial plastic surgery, care for the pediatric patient, and head and neck disorders More than 660 high-quality full-color photographs and illustrations that demonstrate key concepts Ideal for medical students and residents in otolaryngology-head and neck surgery, this atlas is also a valuable reference for physicians in related specialities. Tony R Bull, FRCS, is Honorary Consultant Surgeon, Royal National Throat, Nose, and Ear Hospital, Honorary Senior Lecturer to the Institute of Laryngology and Otology, Honorary Consultant Surgeon, Charing Cross Hospital; and Consultant Surgeon, King Edward VII Hospital, London, United Kingdom. John S Almeida, FRCS, is Consultant ENT Surgeon, West Middlesex University Hospital, Isleworth, Middlesex, United Kingdom.
