Diamonds, Gold and War: The Making of South Africa. Each month we recycle over 2.3 million books, saving over 12,500 tonnes of books a year from going straight into landfill sites. All of our paper waste is recycled and turned into corrugated cardboard.

Furnishes a vivid history of the tumultuous period leading up to the 1910 founding of the modern state of South Africa, exploring how the discovery of vast diamond and gold deposits led to a fierce struggle between the British and the Boers for control of the region, as well as the

## Read Online Diamonds Gold And War The Making Of South Africa

repercussions of the conflict in terms of both sides, as well as for Africa's native peoples.

The prize was great -- not just land, but the riches it held, in the form of diamonds and gold. What became a country called South Africa was, until 1910, a vast and untamed land where great fortunes could be made (and lost); where great battles were fought (and lost); and where great men had their reputations forged, or dashed, or sometimes both. Martin Meredith's follow-up to his magisterial *The State of Africa* is an equally epic new history of the making of South Africa. Covering the extraordinarily eventful four decades leading up to the establishment of the Union of South Africa in 1910, it covers some of the most iconic tales of imperial history. The Zulus at Rorke's Drift; the Jameson Raid; the diamond and gold rushes at Kimberley and Witwatersrand; the Boer wars; the titanic struggle between the arch-imperialist Cecil Rhodes and his Boer rival, Paul Kruger -- *DIAMONDS, GOLD AND WAR* brings all of these and more together in a stunningly coherent and compelling narrative. History, somehow, just isn't as colourful any more.

SOUTHERN AFRICA was once regarded as a worthless jumble of British colonies, Boer republics, and African chiefdoms, a troublesome region of little interest to the outside world. But then prospectors chanced upon the world's richest deposits of diamonds and gold, setting off a titanic struggle between the British and the Boers for control of the region. It culminated in the costliest, bloodiest, and most humiliating war that Britain had waged in nearly a century, and left the Boer republics devastated. In this gripping history of the turbulent years leading up to the founding of the modern state of South Africa in 1910, Martin Meredith portrays the great wealth and raw power, the deceit, corruption, and racism that lay behind Britain's empire-building in southern Africa. *Diamonds, Gold, and War* is a tale of high adventure, high finance, and high politics that also shows the massive impact of white expansion on indigenous African societies. And it explains the rise of the virulent Afrikaner nationalism that eventually took hold, with repercussions lasting nearly a century.

Jameson Raid; the diamond and gold rushes at Kimberley and Witwatersrand; the Boer wars; the titanic struggle between the arch-imperialist Cecil Rhodes and his Boer rival, Paul Kruger -- DIAMONDS, GOLD AND WAR brings all of these and more together in a stunningly coherent and compelling narrative. History, somehow, just isn't as colourful any more.

The first-born son and brother to six siblings, author Mohamed Kamara was just a year old when the civil war started in Sierra Leone. But it wasn't until he was six that the war reared its ugly head in his village, Mile 91 Tonkolili District of the Northern Province. In the middle of the night, Mohamed and his family fled into the woods, leaving their burning home behind. In *Diamond in the Rough*, he shares the story of his flight from Africa to the United States. As a young child, he witnessed unspeakable atrocities while the family struggled to stay alive, hiding in the woods and journeying from village to village during the night. Kamara narrates his tale of survival and his return home when the war ended. In this memoir, he tells of his opportunity to travel to America, graduating from both high school and Johnson and Wales University, and creating a nonprofit to benefit his village. Kamara offers a story of pain, suffering, love, endurance, and courage.

The first book to examine and establish characteristics of the British South African novel. *Beyond Gold and Diamonds* demonstrates the importance of southern Africa to British literature from the 1880s to the 1920s, from the rise of the systematic exploitation of the region's mineral wealth to the aftermath of World War I. It focuses on fiction by the colonial-born Olive Schreiner, southern Africa's first literary celebrity, as well as by H. Rider Haggard, Gertrude Page, and John Buchan, its most influential authorial informants, British authors who spent significant time in the region and wrote about it as insiders. Tracing the ways in which generic innovation enabled these writers to negotiate cultural and political concerns through a uniquely British South African lens, Melissa Free argues that British South African literature constitutes a distinct field, one that overlaps with but also exists apart from both a national South African literary tradition and a tradition of South African literature in English. The various genres that British South African novelists introduced—the New Woman novel, the female colonial romance, the Rhodesian settler romance, and the modern spy thriller—anticipated metropolitan literary developments while consolidating Britain's sense of its own dominion in a time of increasing opposition. Melissa Free is Assistant Professor of English at Arizona State University.
