It was originally published in 2002. Premise. The chief premise of the book is that everyday actions of humanity are neither consistently honest nor criminal, but rather weasel. He dissects the aspects of weasel behavior and explores its benefits and ramifications, sometimes referring to his own life experiences.

Dilbert and the Way of the Weasel - Wikipedia

Biased? Hell yes I am: I like everything Dilbert. Still, I have not laughed so hard since the first time I read 'The Dilbert Principle'. IMHO Scott Adams ranks with Twain, Mencken and Shaw.

Adams also talks about this phenomenon in the context of professional stock analysts in his book Dilbert and the Way of the Weasel. As he points out "Professional stock analysts can do something that you can't do on your own, and that is to talk directly to senior management of the company. That's how a stock analyst gets all the important inside scoop not available to the general public, including important CEO quotes like this: "The future looks good!"

Definition. In the Dilbert strip of February 5, 1995, Dogbert says that "leadership is nature's way of removing morons from the productive flow". Adams himself explained, I wrote The Dilbert Principle around the concept that in many cases the least competent, least smart people are promoted, simply because they're the ones you don't want doing actual work.

Dilbert principle - Wikipedia

Topper says, 'I'm an inch taller than you and my powerpoint slides are in the Louvre.' Topper says, "Some say the earth is on the back of a giant turtle. But who do you think is holding the turtle?" Dilbert says, "You?" Topper says, "Wrong! It's turtles all the way down. But who do you think is holding the infinite turtles?"

Back after a four-year hiatus, New York Times bestselling author Scott Adams presents an outrageous look at work, home and everyday life in his new book, Dilbert and the Way of the Weasel. Building on Dilbert's theory that 'All people are idiots', Adams now says, 'All people are idiots. And they are also weasels.' Just ask anyone who worked at Enron. In this book, Adams takes a look into the Weasel Zone, the giant grey area between good moral behaviour and outright felonious activities. In the Weasel Zone, where most people reside, everything is misleading, but not exactly a lie. Building on his popular comic strip, Adams looks into work, home and everyday life and exposes the way of the weasel for everyone to see. With appearances from all the regular comic strip characters, Adams and Dilbert are at the top of their game - master satirists who expose the truth while making us laugh our heads off.

Following in the footsteps of The Dilbert Principle, the latest business book from the master of office angst.

Back after a four-year hiatus, New York Times bestselling author Scott Adams presents an outrageous look at work, home and everyday life in his new book, Dilbert and the Way of the Weasel. Building on Dilbert's theory that 'All people are idiots', Adams now says, 'All people are idiots. And they are also weasels.' Just ask anyone who worked at Enron. In this new mass-market format, Sunday Times best-selling author Scott Adams presents an outrageous look at work, home, and everyday life in. Building on Dilbert's theory that "All people are idiots," Adams now says, "they are also weasels." Just ask anyone who worked at Enron. In this book, Adams takes a look into the Weasel Zone, the giant grey area between good moral behaviour and outright criminality. In the Weasel Zone, where most people reside, everything is misleading but not exactly a lie. Building on his hugely popular comic strip, Adams looks into work, home, and everyday life and exposes the weasel in everyone. With appearances from all the regular comic strip characters, Adams and Dilbert are at the top of their game - master satirists who expose the truth while making us laugh our heads off. "Funny, apt - relentless" Financial Times "It would be unwise to bet against The Way of the Weasel" Economist

"I think that idiot bosses are timeless, and as long as there are annoying people in the world, I won't run out of material."-Scott Adams Dilbert and the gang are back for this 26th collection. Thriving on Vague Objectives. Adams has his finger on the pulse of cubicle dwellers across the globe. No one delivers more laughs or captures the reality of the 9 to 5 worker better than Dilbert, Dogbert, Catbert, and a cast of stupefying office stereotypes-which is why there are millions of fans of the Dilbert comic strip. Dilbert is a techno-man stuck in a dead-end job (sound familiar?). Power-mad Dogbert strives to take over the world and enslave the humans. The most intelligent person in Dilbert's world is his trash collector, who knows everything about everything. Artist and creator Scott Adams started Dilbert as a doodle when he worked as a bank teller. He continued doodling when he was upgraded to a cubicle for a major telecommunications company. His boss (no telling if he was pointy-haired or not) suggested the name Dilbert. Adams is so dead-on accurate in his depictions of office life that he has been accused of spying on Corporate America.

The Dilbert Principle is an inside view of bosses, meetings, management fads and other workplace afflictions. Scott Adams examines even more bizarre and hilarious situations in the world of work with growing absurdity.In twenty-six provocative, illustrated chapters, Adams reveals the secrets of management in every company, including; swearing your way to success, faking quality, trolls in the accounting department, humiliation as a management tool, selling bad products to stupid people and more! 'A roaring success' Daily Telegraph.

Step aside, Bill Gates! Here comes today's real technology guru and his totally original, laugh-out-loud New York Times bestseller that looks at the approaching new millennium and boldly predicts: more stupidity ahead. In The Dilbert Principle and Dogbert's Top Secret Management Handbook, Scott Adams skewered the absurdities of the corporate world. Now he takes the next logical step, turning his keen analytical focus on how human greed, stupidity and horniness will shape the future. Featuring the same irresistible amalgam of essays and cartoons that made Adams previous works so singularly entertaining, this uproariously funny, dead-on-target tome offers half-truthful, half-farical predictions that push all of today's hot buttons - from business and technology to society and government. Children - they are our future, so we're pretty much hoed. Tip! Grab what you can while they're still too little to stop us. Human Potential - we'll finally learn to use the 90 percent of the brain we don't use today, and find out that there wasn't anything in that part. Computers - Technology and homeliness will combine to form a powerful type of birth control. In The Dilbert Principle and Dogbert's Top Secret Management Handbook, Scott Adams skewered the absurdities of the corporate world. Now he takes the next logical step, turning his keen analytical focus on how human greed, stupidity and horniness will shape the future. Featuring the same irresistible amalgam of essays and cartoons that made Adams previous works so singularly entertaining, this uproariously

The boss. Everyone has one, and all of every boss's worst traits are embodied in The Boss in Dilbert. In I Sense a Coldness to Your Mentoring, the ongoing torture that The Boss wreaks on his helpless underlings is played out in full. From a total lack of mentoring skills to clueless budget requests and pointless, mind-numbing endless meetings, The Boss makes office life for Dilbert, Wally, Alice, and his secretary a living hell with cubicle walls.

"Dilbert is easily one of the most clever and consistently funny comics in current circulation. Like all great comic strips, it provides a much-needed daily dose of comedy and, most importantly, keeps its finger firmly planted on the pulse of truth while doing so." Some might think that the corporate scandals of 2002 could make it difficult to find anything funny about today's business world. But When Body Language Goes Bad proves it will take more than that to slow down the inventive wit of Scott Adams, who clearly is never at a loss for finding hysterical things to mock in corporate life. This marks the 21st collection of Adams' wildly popular comic strip, Dilbert, which is featured in more than 2,000 newspapers worldwide. This book updates loyal readers on the so-called careers of Dilbert, Alice, Wally, Asok the intern, and other regulars as they wallow through pointless projects, mismanaged company takeovers, futile team-building exercises, and other inane company initiatives like the "name the rest room" contest. In addition to the strips' familiar characters, this collection showcases Adams' masterful ability to create hilarious "guest stars." There's the network design engineer known as Psycho Hillbilly, who was going for the gentle biker look until he decided it was overdone. Then, there's M. T. Suit, who is merely an empty suit walking the office halls spewing corporateese, such as "promising to enhance core competencies by leveraging platforms." Adams says that about 80 percent of his initial ideas come from his 150 million-plus readers. Those worldwide readers are sure to celebrate the humor found in When Body Language Goes Bad, his latest satirical look at the modern workplace.
