Test your knowledge of the last Time Lord and the worlds he's visited in Who-ology, an unforgettable journey through over 50 years of Doctor Who. Packed with facts, figures and stories from the show's galactic run, this unique tour of space and time takes you from Totters Lane to Heaven itself, taking in guides to UNIT call signs, details of the inner workings of sonic screwdrivers, and a reliability chart covering every element of the TARDIS. Now fully updated to cover everything through to the 12th Doctor's final episode, and with tables, charts and illustrations dotted throughout, as well as fascinating lists and exhaustive detail, you won't believe the wonders that await.

The Weeping Angels are trying to break into the TARDIS! Autons are ready to attack the streets of 1969 London! Now, Ten and Thirteen must risk a deadly paradox in order to stop the Earth from becoming an alien battleground!

p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri} The gang have tracked the Stilean Flesh Eaters through history - from 1500s Europe to North Carolina in 1711. How they've survived on Earth for so long is a puzzle the Doctor can't quite piece together yet. How are the Time Agency involved, and what does a history podcast everyone's listening to have to do with it all? Well, everyone except the Doctor is listening to it - not that she's jealous.

Having been falsely accused of theft, the Doctor and her friends find the real culprit - a rebellious Time Lord by the name of the Corsair. An old friend of the Doctor, she enlists the gang to help her with another dubious job. The Corsair may be a friend, but is everything as it seems?

After being accused of stealing the precious Gem of Niag, the Doctor and fam go in search of the true culprit. The one clue they have is that the thief has two hearts! But the Doctor gets a (nice?) surprise when the Time Lord they find turns out to be an old friend - the Corsair

The Doctor and her friends were roped into a daring heist by rebellious Time Lord, the Corsair. An old friend of the Doctor's, she was on a mission to free an endangered space whale from captivity. Unfortunately, it turned out the Corsair was unwittingly working for the nefarious Hoarder, who has kept the whale for himself, and captured the two Time Lords.

With the Sea Devil invasion prevented, the two Doctors, along with the fam, rebel Skithra - Queenie, and human resistance leader Rose Tyler, set off to rescue Tesla and Edison from the clutches of the menacing Skithra mothership. But will this be enough to fix the paradox and restore their reality?

p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri} The gang found themselves in 1500s Europe, during the Guelders Wars. Graham, Yaz, and Ryan were better prepared than The Doctor, thanks to the show - Hidden Human History - not that she's jealous of the podcast. Investigating rumors of demons hunting the local townsfolk, the gang discovered a group of Stilean Flesh Eaters. Surprised at being discovered, the aliens lashed out at the nearest Time Lord
