Annixia Remiel is a sprite princess with a terrible past. On the night of her eighteenth birthday, Myrick kills her father, forcing her to flee into the night lest she or anyone else she loves falls into his clutches. Unfortunately, the sorcerer's touch is not one she'll soon be able to forget. Cursed, Annixia knows it's only a matter of time before her connection to Myrick does serious damage, but the only person that could end her torment is the one person she couldn't stand to lose. Lost and alone, she meets Liam, a handsome stranger who knows a lot about carrying large burdens. For a hundred years, they fight together to stay alive, stay friends, and eventually to help the people they care about. When Myrick finds Annixia in Magnolia Bayou, he sets a trap to trigger her curse. This forces the Dragon Enforcer, the only person that can kill her, out of hiding. The only problem is that Liam would much rather save the love of his existence than kill her, but the only way to do that may be to sacrifice himself instead. When the Blade of Aphrodite is finally in his hands, everyone will know the exact lengths a dragon will go to in order to protect his mate.

In his revealing and frank autobiography, David G. Atwood, II takes us into a world of government corruption, back-stabbing politicians and an all too familiar tour of the criminal justice system. Persecuted by a corrupt sheriff's department for exposing a cabal of local corruption that reached into the upper echelon of international politics; prosecuted and sent to federal prison for a crime he didn't commit; and discriminated against for being gay, David leads us on a journey through the life of a prisoner that only an insider could tell and captivates us with a story of courage that will inspire everyone who reads it. Whether revealing the drug connections that for years have padded the pockets of the local cops and exposing how government-sanctioned drug deals in Vicksburg, Mississippi helped illegally fund the Nicaraguan Contras in the 1980's, David leaves no hole's barred as he takes aim at those who would misuse their political power for personal gain.
