'A revelatory book' John Lewis-Stempel 'The book to read' GQ What if the way we understand our world is wrong? What if it isn't politicians and events that shape our lives, but secret deals made by people you've never heard of? This book tells the story of the secret deals that are changing the world, and revolutionizing everything we do, including money, the food we eat, what we buy, and the drugs we take to stay well. These deals never make the news: they are made high up in boardrooms, on golf courses, and in luxury cars: each sealed by world-changing handshakes.

The hilarious New York Times bestseller " sharply observes the lives of globe-trotting, overindulging investment bankers " (Entertainment Weekly). " Some chick asked me what I would do with 10 million bucks. I told her I ' d wonder where the rest of my money went. " --@GSElevator For three years, the notorious @GSElevator Twitter feed offered a hilarious, shamelessly voyeuristic look into the real world of international finance. Hundreds of thousands followed the account, Goldman Sachs launched an internal investigation, and when the true identity of the man behind it all was revealed, it created a national media sensation—but that ' s only part of the story. Where @GSElevator captured the essence of the banking elite with curated jokes and submissions overheard by readers, Straight to Hell adds John LeFevre ' s own story—an unapologetic and darkly funny account of a career as a globe-conquering investment banker spanning New York, London, and Hong Kong. Straight to Hell pulls back the curtain on a world that is both hated and envied, taking readers from the trading floors and roadshows to private planes and after-hours overindulgence. Full of shocking lawlessness, boyish antics, and win-at-all-costs schemes, this is the definitive take on the deviant, dysfunctional, and absolutely excessive world of finance. " Shocking and sordid—and so much fun. " --Daily News (New York)

" LeFevre ' s workplace anecdotes include tales of nastiness, sabotage, favoritism, sexism, racism, expense-account padding, and legally questionable collusion. " --The New Yorker

There are very few moments that can be said to make or break a man's life; when Trump Johnson stepped onto the down escalator that Monday afternoon he knew he was heading for one of them. His real estate business was on its knees and he desperately needed an injection of capital to breathe life back into his falling star. The lifeline he needed was arriving that very afternoon on a flight from LAX. Mercer Roberts, one of the richest men in California, flying in just to meet him, or at least so Trump thought. This was Trump's chance, his last chance, all or nothing; ten days to save his empire, his career and his life as he knew it. Follow T rump as he slips, slides, cons and connives his way around Asia in a desperate effort to beat slicker and smarter rivals to Mercer's signature. Will help from a cast of fixers, hot blondes and Russian mobsters be enough? Just how far is T rump prepared to go? At the end of the day only one thing counts in Trump's life, get him to sign on the line that is dotted, by any means necessary!

A Wall Street Journal Business Bestseller: This "vivid" inside story of WeWork and its CEO tells the remarkable saga of one of the most audacious, and improbable, rises and falls in American business history (Ken Auletta). Christened a potential savior of Silicon Valley's startup culture, Adam Neumann was set to take WeWork, his office share company disrupting the commercial real estate market, public, cash out on the company's forty-seven billion dollar valuation, and break the string of major startups unable to deliver to shareholders. But as employees knew, and investors soon found out, WeWork's capital was built on promises that the company was more than a real estate purveyor, that in fact it was a transformational technology company. Veteran journalist Reeves Weideman dives deep into WeWork and it CEO's astronomical rise, from the marijuana and tequila-filled board rooms to cult-like company summer camps and consciousness-raising with Anthony Kiedis. Billion Dollar Loser is a character-driven business narrative that captures, through the fascinating psyche of a billionaire founder and his wife and co-founder, the slippery state of global capitalism. A Wall Street Journal Business Bestseller " Vivid, carefully reported drama that readers will gulp down as if it were a fast-paced novel " (Ken Auletta)

Named a Best Book of 2018 by the Financial Times and Fortune, this "thrilling" (Bill Gates) New York Times bestseller exposes how a "modern Gatsby" swindled over \$5 billion with the aid of Goldman Sachs in "the heist of the century" (Axios). Now a #1 international bestseller, BILLION DOLLAR WHALE is "an epic tale of white-collar crime on a global scale" (Publishers Weekly, starred review), revealing how a young social climber from Malaysia pulled off one of the biggest heists in history. In 2009, a chubby, mild-mannered graduate of the University of Pennsylvania's Wharton School of Business named Jho Low set in motion a fraud of unprecedented gall and magnitude—one that would come to symbolize the next great threat to the global financial system. Over a decade, Low, with the aid of Goldman Sachs and others, siphoned billions of dollars from an investment fund—right under the nose of global financial industry watchdogs. Low used the money to finance elections, purchase luxury real estate, throw champagne-drenched parties, and even to finance Hollywood films like The Wolf of Wall Street. By early 2019, with his yacht and private jet reportedly seized by authorities and facing criminal charges in Malaysia and in the United States, Low had become an international fugitive, even as the U.S. Department of Justice continued its investigation. BILLION DOLLAR WHALE has joined the ranks of Liar's Poker, Den of Thieves, and Bad Blood as a classic harrowing parable of hubris and greed in the financial world.
