Connect with John Santrock's Topical Approach to Lifespan Development and connect with success. Informed and driven by research. At McGraw-Hill, we have spent thousands of hours with you and your students, working to understand the key needs and concerns you face in the Human Development course. The most common topics raised include managing the vast amount of content inherent to a Lifespan course and ensuring the dependability of the assigned material – is it current and accurate? The result of this research is John Santrock's A Topical Approach to Lifespan Development, 7e. Santrock ensures students complete and understand the assigned material in a number of ways: Santrock's hallmark Learning Goals pedagogy provides a comprehensive roadmap to the text material, clearly pointing out the core concepts fundamental to students' learning and performance. McGraw-Hill's LearnSmart increases students' efficiency in studying by identifying what they know and don't know and provides immediate remediation, helping them to learn the material they are struggling with. The connections theme continues in the 7th edition, showing students the different aspects of lifespan development and helping them to better understand the concepts. This recurring theme of connections – Developmental Connections, Topical Connections, Connecting Development to Life, Connecting with Careers, and Connections through Research – ties together concepts from across chapters to reinforce the learning process and connect the material to students' everyday lives and future aspirations. McGraw-Hill's Milestones video and assessment program helps bring the course material to life, so your students can witness real children developing over time. And of course, all of this material is informed by our unique board of expert contributors – a who's who of developmental psychology – who ensure the material is as accurate and up-to-date as possible.

Revised edition of the author's A topical approach to life-span development. [2018]

As a master teacher, John Santrock connects students to current research and real-world application, helping students see how developmental psychology plays a role in their own lives and future careers. Through an integrated, personalized digital learning program, students gain the insight they need to study smarter and improve performance.

A brief, topical overview of life span development Life Span Development: A Topical Approach helps students to see the "big picture" of development across the entire life span. Throughout this brief version of his hallmark text Development Across the Life Span, author Robert Feldman employs a modular framework that offers instructors maximum flexibility to teach the course however they envision. Concise coverage of all key principles helps instructors cover the whole of the field within a standard term, while a topical approach makes it easier for students to understand the scope of development within particular areas (such as social or personality development) across the entire life span. Thoroughly updated with the latest data and contemporary examples, the Third Edition helps students to better see the relevance of developmental science. Also available with MyPsychLab® This title is also available with MyPsychLab -- an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. Students, if interested in purchasing this title with MyPsychLab, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. Life Span Development: A Topical Approach, Third Edition is also available via REVEL™, an interactive learning environment that enables students to read, practice, and study in one continuous experience. Note: You are purchasing a standalone product; MyLab(tm) & Mastering(tm) does not come packaged with this content. Students, if interested in purchasing this title with MyLab & Mastering, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If you would like to purchase both the physical text and MyLab & Mastering, search for: 0134495950 / 9780134495958 Life Span Development: A Topical Approach plus MyPsychLab with eText -- Access Card Package, 3/e Package consists of: 0134225902 / 9780134225906 Life Span Development: A Topical Approach, 3/e 0205206514 / 9780205206513 MyPsychLab with eText Access Card

Accompanies: 9780078035500. This item is printed on demand.

Recipient of the 2017 Most Promising New Textbook Award from the Textbook & Academic Authors Association (TAA) Chronologically organized, Lifespan Development: Lives in Context offers a unique perspective on the field by focusing on the importance of context—examining how the places, sociocultural environments, and ways in which we are raised influence who we become and how we grow and change. Author Tara L. Kuther integrates cutting-edge and classic research throughout the text to present a unified story of developmental science and its applications to everyday life. Robust pedagogy, student-friendly writing, and an inviting design enhance this exciting and inclusive exploration of the ways in which context informs our understanding of the lifespan.
