A boy goes on the run in this fast-paced fantasy debut. Can a zero become a hero? Testing Day is supposed to be a day of celebration for Al Pilgrommor. Born into a wealthy family, he expects to follow in his successful father's footsteps. Of course, that all depends on the rank number Al receives at the testing. The higher the rank he has tattooed onto his neck, the better his life will be. To his surprise and horror, Al is revealed to be rank zero, the lowest of the low. He's now not only an outcast - he's also a danger to his entire family. So Al goes on the run, fleeing the brutal Cullers, men who hunt down zeroes . . . and put them to death. Cast out of his home, cut off from his friends, and armed with only a sword and his wits, Al is reduced to just surviving. As he meets other outcasts, however, he begins to suspect that he is a pawn in a larger game - and that he might have the power to tip the scales in a high-stakes struggle between man and dragon.

The Hunters are Coming The first time a hunter came for him, Bradley Nash was only nine years old. That was three years ago. Now, he lives with his family in a Florida trailer park. He doesn't remember the attack, doesn't know anything about hunters, or dragons, or even magic. As his twelfth birthday approaches, however, his peaceful life starts falling apart. The hunters are coming, and if Bradley doesn't figure out exactly who and what he is, everything he's ever known will be destroyed.

earned its author the John W. Campbell Best New Writer award. Martha Macnamara knows that her daughter, Elizabeth, is in trouble—she just doesn't know what kind. Mysterious phone calls from San Francisco at odd hours of the night are the only contact they've had for years. Now, Elizabeth has sent her mother a plane ticket and reserved a room for her at the city's most luxurious hotel. Yet, since Martha checked in, she still hasn't been contacted by her daughter, and is feeling lonely, confused, and a little bit worried. But Martha meets someone else at the hotel: Mayland Long, a distinguished-looking and wealthy Chinese man who is drawn to Martha's good character and ability to pinpoint the truth of a matter. They become close quickly, and he promises to help her find Elizabeth. Before he can solve the mystery, though, Martha herself disappears—and Mayland realizes that he's in love with her. Now, a man whose true nature and identity is unknown to those around him will embark on a potentially dangerous adventure in a city on the verge of exploding with its own sort of magic as technology spreads through the region that will become known as Silicon Valley. An elegant, delightful, and unusual novel that blends ancient myth with modern wizardry, *Tea with the Black Dragon* is “a small masterpiece, setting a fantasy story against a contemporary background” (Booklist).

Fort and his friends face more perilous ancient magic as they race towards the final battle to save humanity in this fifth and final installment in the fantastical series from the author of the New York Times bestselling *Story Thieves*! Fort Fitzgerald is finally reunited with his father and wants nothing more than for life to return to normal, the way things were before magic burst back into the world. But normal isn't an option anymore. Not when the Old Ones could still return to enslave humanity and Damian is dead set on making that happen. Convinced he's the Chosen One the prophecy says will save the world, Damian has mastered all six books of magic and plans to summon the Old Ones to destroy them. Fort knows better though—Damian has no chance of defeating the Old Ones once they arrive. Maybe Fort could stop Damian if he could use the magic from the dragon dictionary, but he's consumed with strange visions each time he tries. The only hope left is for Fort, Jia, and Rachel to recruit the help of old friends—and enemies. But how can they know who to trust? Because unless they can find the truth behind the web of secrets and lies surrounding the prophecy of the Chosen One, Fort's visions, Arthurian legends, and even magic itself, they've already lost.
