Out of all MT's work that I've read, Driven By Love made me cry the hardest. The pouring Marian Tee 's books are my guilty addiction, one that I admittedly am not proud of. Her work follows literally the same formula: alpha billionaire guy and pure and naive lady falls in love, guy fucks up, girl leaves and cries, guy grovels.

Mimesis is a critical and philosophical term going back to Aristotle. It carries a wide range of meanings, including imitation, representation, mimicry, the act of expression, and the presentation of self. In modern literary criticism, mimesis has received renewed attention in the last two or three decades and been subject to wide-ranging interpretations. Nicolae Babuts looks at the concept of mimesis from a cognitive perspective. He identifies two main strands: the mimetic relation of art and poetry to the world, defined in terms of reference to an external reality, and the importance of memory in the making of plots or storytelling.Babuts suggests that there is a material identity we cannot know beyond the limits of our senses and intellect and a symbolic or coded identity that is processed by memory. All writers, including Mallarme in his esoteric poetry, Flaubert in his realist narratives, and Mihai Eminescu, the Romanian poet, in his romantic poems, rely on mimetic strategies to link the two identities: the images in memory to the outside reality. All order their narratives in accordance with the dynamics of memory. Babuts describes this phenomenon with great insight, showing how new traditions are formed.

If you look at history through Emily Hahn ' s jaundiced eyes, you ' ll realize that romance just ain ' t what romantics crack it up to be. Using such notorious affairs as those of Caesar and Cleopatra or Henry VIII and Anne Boleyn, Hahn reminds us that love is far less of a factor in the fates of nations than greed, wrath, and some of humanity ' s other, less attractive character traits. Love doesn ' t conquer all; it just screws a lot of things up.

Orphan Ethan Hawk has spent the past twelve years sequestered by his uncle. His only friends are two weapon masters sent to train him in ancient warfare. Tired of being isolated, Ethan does not know his uncle is preparing him for a prophecy written in blood on another world. Then one fateful night, a would-be assassin dies a hard death, and Ethan learns the secret of his heritage. Ethan's family is from Bonshea, a world vibrant with magic and haunted by war. Ethan learns his family safeguards one of six Kingdom Gates connecting Bonshea and Earth crafted by Bonshea Powerstriders a thousand years earlier. But malevolent evil lives in the desperate kingdoms of Bonshea, and Agrinor's beasts are preparing to break the world again. Honoring his uncle's last wish to protect the Hawk Gate and defeat Agrinor's evil legions, Ethan returns to Bonshea to protect the Hawk Gate and prepare House Hawk for a cruel war of howling magic and honed steel. But he knows there are those who will do anything to eliminate the last Hawk. In this fantasy tale of blood, steel, duty, and honor, prophecy twists fate and destiny rides a restless wind as descendants of legendary men and women face the same horror as their ancestors.

Looking for an alternate take on the classic tale of Robin Hood? Dive into this satirical version told from the perspective of Maid Marian. In it, author Thomas Love Peacock deftly uses the medieval period as a lens through which to poke fun at the excesses of the nineteenth-century Romantic movement.
