An illustrated adaptation of the long-running bestseller *How Full Is Your Bucket?* (more than 400,000 copies sold) for kids — told through the story of a boy who learns a valuable “bucket filling” metaphor and watches it come to life as the day unfolds. Every moment matters. Each of us has an invisible bucket. When our bucket is full, we feel great. When it’s empty, we feel awful. Yet most children (and many adults) don’t realize the importance of having a full bucket throughout the day. In *How Full Is Your Bucket? For Kids*, Felix begins to see how every interaction in a day either fills or empties his bucket. Felix then realizes that everything he says or does to other people fills or empties their buckets as well. Follow along with Felix as he learns how easy it can be to fill the buckets of his classmates, teachers and family members. Before the day is over, you’ll see how Felix learns to be a great bucket filler, and in the process, discovers that filling someone else’s bucket also fills his own.

If you agree that physical education should be fun, instructive, and a place where students acquire physical and life skills, then you'll love *PE2theMax: Maximize Skills, Participation, Teamwork, and Fun*. J.D. Hughes, author of the popular *No Standing Around in My Gym*, has created 30 never-been-done-before games, tried and tested in the gymnasiums and on the fields and courts of Villa Rica, Georgia, where he teaches elementary school. These games are designed for large groups--anywhere from 30 to 75 students--but can be scaled back easily for smaller class sizes. Each game provides students of all athletic abilities the opportunity to have fun, be active, and acquire movement and sport skills. [...] The games in *PE2theMax* are student centered, not teacher centered. As such, students are motivated to challenge themselves to succeed. The games are inclusive and developmentally appropriate. They define what a quality PE program and the New PE philosophy are all about: promoting participation and lifelong fitness as well as self-esteem and initiative. Most important, from the kids' perspective, "these games rock." --Publisher description.

'How Full is Your Bucket?' reveals how even the briefest interactions affect your relationships, productivity, health, and longevity. Organized around a simple metaphor of a dipper and a bucket, and grounded in 50 years of research, this book will show you how to greatly increase the positive moments in your work and your life - while reducing the negative.

What happens when Sal and her mother meet a mother bear and her cub? A Caldecott Honor Book! Kuplink, kuplank, kuplunk! Sal and her mother are picking blueberries to can for the winter. But when Sal wanders to the other side of Blueberry Hill, she discovers a mama bear preparing for her own long winter. Meanwhile Sal's mother is being followed by a small bear with a big appetite for berries! Will each mother go home with the right little one? With its expressive line drawings and charming story, *Blueberries for Sal* has won readers' hearts since its first publication in 1948. "The adventures of a little girl and a baby bear while hunting for blueberries with their mothers one bright summer day. All the color and flavor of the sea and pine-covered Maine countryside."—School Library Journal, starred review.
