From Fernanda Torres, the celebrated Brazilian actress and bestselling author of *The End*, comes a riotous tragicomedy of a famed actor's path from national sex symbol to cult icon to raving madman after a disastrous performance as King Lear. Mario Cardoso's meteoric rise to fame begins in the early sixties, when the promise of sex and revolution permeates the Rio air. But as he conquers the stage, arthouse cinema, and primetime TV, the fever and the decadence of stardom take their toll, and middle-aged Mario finds himself with an ebbing reputation, hairline, and bank

account. He needs a royal comeback. Enter King Lear. Mario's turn as Shakespeare's mad monarch goes well until he's overtaken by a fit of laughter that gets more demented with each performance. Forced to cancel the show, he's confronted with his mother's unstaged madness—she's now convinced that Mario is in fact her long-departed husband. Broke and desperate, Mario signs on for an evangelical network production: Sodoma. Yet, as low as he's fallen, Mario's final set is one he never imagined. With the wicked humor and fleet-footed pace that made her novel *The End* a runaway bestseller in Brazil, Fernanda Torres's *Glory* and its *Litany of Horrors* is a razor-sharp take on the uneasy marriage of Art and the marketplace, and on the profession of acting in all its horror and glory. Praise for *The End*: "The End, a riotous, sex-stuffed novel by Torres, which takes Technicolor pleasure in detailing the deaths of five incorrigible old beach bums of the Bossa Nova generation". Her five men, whom she kills off in reverse chronology, are "united by male allegiance, women, and the beach, in that order.... With America undergoing a mass reckoning with male sexuality, a novel like this feels both taboo and gleeful, a guilty kind of reprieve." —Hermione Hoby, *The New Yorker* "The intense but tenuous bonds of male friendship give shape and structure to this energetic, impressive debut from acclaimed Brazilian actress Torres. Set against the vivid backdrop of Copacabana, the episodic novel follows five contentious and devoted friends—Ciro, Silvio, Neto, Alvaro, and Ribeiro—from the hedonistic nights of their youth to the humbling days of old age. Beginning with the violent death of Alvaro, the group's last surviving member, the story meticulously works its way back through the complicated lives of each friend, culminating with the operatic death of *Ciro*, who retains a spark of youth until his last moments. Torres paints a sharp, intimate portrait of male sexuality and psychology (including

the experience of aging), illuminating the friends' profound differences (such as between the decadent Silvio and the meeker Ribeiro) while never undermining the believability of their connection. As assured as the characterizations of the central characters are the investigations of the men and women who surround them, the wives who abide their exploits and the priests who speak at their funerals. The narration and momentum remain lively and sharp throughout. Publishers Weekly, Starred Review "Set in Rio de Janeiro, this fine literary debut from one of Brazil's most distinguished actors tells the stories of five men as they approach their inevitable (and in some cases premature) ends. By turns tragic and hilarious, the novel is about friendship, betrayal and excess, and about male fury against the ravages of old age." Angel Gurría-Quintana, Financial Times "The End is the perfect summer release. Torres creates an aging, male Carioca friend group that is a mess of cynicism, nostalgia, frustration, and a seemingly unending appetite for sex. This book is raunchy, sophisticated, and so wonderfully Brazilian. I devoured this book in one sitting. Parabens Fernanda!!!! Daniela Roger, Books & Books (Coral Gables, FL) "The year of 2013 would have been worth it for Fernanda Torres' novel alone. How beautiful it is to see an authentic literary talent emerge so clearly. In her debut The End, she goes beyond just being a good writer. Her tone is so well crafted." Caetano Veloso "You think you see The End coming—or the ending coming—but Fernanda Torres has other plans for you on this journey. Torres presents five friends—fairly flawed, tragic clowns—and their views on life and those around them as they try to navigate their lives and deaths. This novel is a funny, smart, well conceived, and perfectly executed playful look at mortality." Nick Buzanski, Book Culture (New York, NY) "Famed actress Fernanda Torres's debut novel, The End, is a brutally unflinching look

at the lifelong friendships of five aging male friends and the women in their lives. [Torres has an] agile hand at establishing voice, pacing, and tone. Hers is strong, economical prose. The machismo of each character is impressively rendered. The End is vivid and irascible as it confronts the reality of aging, regrets, and death. Monica Carter, Foreword Reviews, Five-Heart Review [Torres] writing [has] flair and wit [an] unforgiving portrait of men at their worst. Kirkus

"This report documents how illegal logging by criminal networks and resulting forest fires are connected to acts of violence and intimidation against forest defenders and the state's failure to investigate and prosecute these crimes."--Publisher website, viewed September 27, 2019.

Comparative Approaches to Informal Housing Around the Globe brings together historians, anthropologists, political scientists, sociologists, urban planners and political activists to break new ground in the globalisation of knowledge about informal housing. Providing both methodological reflections and practical examples, they compare informal settlements, unauthorised occupation of flats, illegal housing construction and political squatting in different regions of the world. Subjects covered include squatter settlements in Kyrgyzstan and Kazakhstan, squatting activism in Brazil and Spain, right-wing squatting in Germany, planning laws and informality across countries in the Global North, and squatting in post-Second World War UK and Australia.

No story has more significance than this: the death and resurrection of Jesus. But somehow the oft-repeated tale of Christ's passion can become too familiar, too formalized, for us to experience its incredible immediacy. The meditations in

Reliving the Passion, which received a Gold Medallion Award in 1993, follow the story as given in the gospel of Mark—from the moment when the chief priests plot to kill Jesus to the Resurrection. But these readings are more than a recounting of events; they are an imaginary reenactment, leading the reader to re-experience the Passion or perhaps see it fully for the very first time. As only a great storyteller can, Walter Wangerin enables the reader to see the story from the inside, to discover the strangeness and wonder of the events as they unfold. It's like being there. In vivid images and richly personal detail, Wangerin helps us recognize our own faces on the streets of Jerusalem; breathe the dark and heavy air of Golgotha; and experience, as Mary and Peter did, the bewilderment, the challenge, and the ultimate revelation of knowing the man called Jesus. "The story gets personal for every reader," writes Wangerin, "for this is indeed our story, the story whereby we personally have been saved from such a death as Jesus died. "No, there is not another tale in the world more meaningful than this—here is where we all take our stands against sin and death and Satan, upon this historical, historic event. I consider it a holy privilege to participate in it retelling. "Read this book slowly. Read it with a seeing faith. Walk the way with Jesus. We, his followers of later centuries, do follow even now. Read, walk, come, sigh, live. Live! Rise again!"
