events. The Thirteenth Edition incorporates a new active learning approach, a fully updated visual program, and is available for the first time with MasteringGeology--the most complete, easy-to-use, engaging tutorial and assessment tool available, and also entirely new to the Earth science course.

For all introductory physical geology courses. Bringing Earth to life Earth: An Introduction to Physical Geology, 13th Edition, is a leading text in the field, characterized by no-nonsense, student-friendly writing, excellent illustrations, and a modular learning path driven by learning objectives. The new edition is the first to integrate 3D technology that brings geology to life. This edition features significant content updates, a new Geology in the News feature to promote student engagement, and a new Data Analysis feature to help develop students' critical thinking skills. Also available as a Pearson eText or packaged with Mastering Geology Pearson eText is a simple-to-use, mobile-optimized, personalized reading experience available within Mastering Geology. It lets students highlight, take notes, and review key vocabulary all in one place - even when offline. Seamlessly integrated videos and other rich media engage students and give them access to the help they need, when they need it. Educators can easily share their own notes with students so they see the connection between their eText and what they learn in class. Mastering(tm) is the teaching and learning platform that empowers you to reach every student. By combining trusted author content with digital tools developed to engage students and emulate the office-hour experience, Mastering personalizes learning and improves results for each student. Built for, and directly tied to the text, Mastering Geology enables students to get hands on with tools and activities to practice, learn, and apply geology outside of the classroom. Note: You are purchasing a standalone product; Mastering Geology does not come packaged with this content. Students, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If your instructor has assigned Pearson eText as your main course

and also entirely new to the Earth science course.

This brief, paperback version of the best-selling Earth Science by Lutgens and Tarbuck is designed for introductory courses in Earth science. The text's highly visual, non-technical survey emphasizes broad, up-to-date coverage of basic topics and principles in geology, oceanography, meteorology, and astronomy. A flexible design lends itself to the diversity of Earth science courses in both content and approach. As in previous editions, the main focus is to foster student understanding of basic Earth science principles. Used by over 1.5 million science students, the Mastering platform is the most effective and widely used online tutorial, homework, and assessment system for the sciences. This is the product access code card for MasteringX and does not include the actual bound book. Package contains: MasteringGeology standalone access card

NOTE: You are purchasing a standalone product; MasteringMeteorology does not come packaged with this content. If you would like to purchase both the physical text and MasteringMeteorology search for ISBN-10: 0321984420 / ISBN-13: 9780321984425. That package includes ISBN-10: 0321984625 / ISBN-13: 9780321984623 and ISBN-10: 0321984862 / ISBN-13: 9780321984869. For introductory meteorology courses. Providing the perfect storm of rich media and active learning tools. The Atmosphere: An Introduction to Meteorology remains the definitive introductory meteorology text, reinforcing basic concepts with everyday, easy-to-grasp examples. This revision retains the hallmark features professors have come to expect from Tarbuck and Lutgens: a friendly, largely non-technical narrative, timely coverage of recent atmospheric events, and carefully crafted artwork by leading science illustrator Dennis Tasa. The Thirteenth Edition now
