The examination for Membership of the Royal College of Obstetricians and Gynaecologists (MRCOG) remains one of the most internationally recognised postgraduate examinations in the specialty. Over the years, the examination has evolved in keeping with changes in medical education; the Part 2 examination now consists of two papers made up of Single Best Answer (SBA) questions and Extended Matching Questions (EMQ). This invaluable resource consists of 400 SBA questions (200 in Obstetrics and 200 in Gynaecology), followed by 400 EMQs (200 in Obstetrics and 200 in Gynaecology), grouped into papers, to provide enough material to guide preparations and to give some practice experience of the examination formats. All the questions have answers with explanations and sources of evidence. In preparing for the examination, candidates should make repeated references to these sources of evidence. There is also general advice on how to prepare for the examination and discussion of the reasons why trainees fail the examination.

This book is a comprehensive collection of questions in the 'single best answer (SBA)' format for the MRCOG2 theory exam. This new format has been introduced in the exam paper from March 2015 and most candidates are still getting used to the change. This book will provide them ample opportunity to familiarize themselves with the concept and then practice answering the questions based on almost all subjects included in the MRCOG 2 theory syllabus. Preparing for the MRCOG2 exam is a daunting task for all Obstetrics and Gynecology doctors. The college constantly reforms the exam structure in an effort to optimize the evaluation process. The endeavor of the authors is to equip the candidates with a vision of the holistic nature of the exam so that they master the art of answering SBA questions.
