enVision packs a unique one-two punch. Lessons start with Problem-Based Learning (PBL), where students must think critically about a real-world math problem, evaluate options, collaborate, and present solutions. This is followed by Visual Learning to solidify the underlying math concepts. It's the best way to help kids better understand math ideas.

A practical series designed to assist parents in preparing young children for the competitive world of today's classroom offers a detailed overview of what children should learn and review at home to get and stay ahead in elementary school, accompanied by advice on tutoring and drills and exercises to help youngsters practice and understand important concepts.

The contents of this Math workbook include multiple chapters and units covering all the required Common Core Standards for this grade level. Similar to a standardized exam, you can find questions of all types, including multiple choice, fill-in-the-blank, true or false, match the correct answer and free response questions. These carefully written questions aim to help students reason abstractly and quantitatively using various models, strategies, and problem-solving techniques. The detailed answer explanations in the back of the book help the students understand the topics and gain confidence in solving similar problems.

Spectrum(R) Word Problems for grade 6, includes focused practice for essential math skills. --Skills include: --*Real world applications --*Multi-step word problems --*Fractions, decimals, and percents --*Metric and customary measurement --*Graphs, probability, and statistics --*Geometry --Spectrum(R) Word Problems workbooks supplement classroom work and proficiency test preparation. The workbooks provide examples of how the math skills students learn in school apply to everyday life with challenging, multi-step word problems. It features practice with word problems that are an essential part of the Common Core State Standards, making it a perfect supplement at home or school.

Sourcebook contains End-of-the-Unit Assessment Tasks for each Curriculum Unit along with suggestions of what the teacher should look for when evaluating student work.* Contains both English and Spanish blackline masters.
