Überlieferte Originalstelen mit Inschriften der großen Könige Sargon und Nar?m-Sîn von Akkade, die im 23. Jahrhundert v. Chr. als erste ein Weltreich eroberten, sowie mündlich tradierte Sagen haben diesen beiden Königen einen herausragenden Stellenwert in der historischen Erinnerung der Babylonier und Assyrer verschafft. Dies führte zu einer Reihe erzählender Werke, die zum Teil wie echte Heldenlieder gestaltet sind, zum Teil sich aber auch als authentische Königsinschriften gebärden. Das Verständnis dieser heterogenen Textgruppe in verschiedenen Fragerichtungen zu erhellen, ist das Ziel vorliegender Studie. Zu den Fragestellungen gehören die Bestimmung der Gattungen, denen die Texte angehören, und ihre Scheidung von den authentischen Königsinschriften, die durch das Merkmal der Fiktionalität gekennzeichnet ist. Des Weiteren soll die zum Teil hohe literarische Qualität dieser

Werke herausgearbeitet werden. Schließlich wird untersucht, inwiefern sich an diesen Werken die Mechanismen und Bedingungen ihrer Überlieferung ablesen lassen, ob sie Spuren eines mündlichen Sargon- und Nar?m-Sîn-Sagenschatzes aufweisen und welche literarischen Funktionen sie erfüllten.

Die semantische Entwicklungsgeschichte der Modalverben ist ein Lehrstück der historischen Semantik. Der vorliegende Band setzt sich zum Ziel, die Diskussion um die semantische Entwicklungsgeschichte der Modalverben zu fördern, indem er Desiderate benennt, theoretische und methodische Probleme formuliert, bekanntes Datenmaterial unter systematischen Fragestellungen neu aufgreift und neues Datenmaterial unter systematischen Fragestellungen verfügbar macht.

Vogue has always been on the cutting edge of popular culture, and Vogue x Music shows us why. Whether they're contemporary stars or classic idols, whether they made digital albums or vinyl records, the world's most popular musicians have always graced the pages of Vogue. In this book you'll find unforgettable portraits of Madonna beside David Bowie, Kendrick Lamar, and Patti Smith; St. Vincent alongside Debbie Harry, and much more. Spanning the magazine's 126 years, this breathtaking book is filled with the work of acclaimed photographers like Richard Avedon and Annie Leibovitz as well as daring, music-inspired fashion portfolios from Irving Penn and Steven Klein. Excerpts from essential interviews with rock stars, blues singers, rappers, and others are included on nearly every page, capturing exactly what makes each musician so indelible. Vogue x Music is a testament to star power, and proves that some looks are as timeless as your favorite albums.

'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a makeshift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.

DIVMore than 2,000 former slaves provide first-person accounts in blunt, simple language about their lives in bondage. Illuminating, often startling information about southern life before, during, and after the Civil War. /div

"...profoundly moving..." -Publishers Weekly Nelson Mandela's two great-grandchildren ask their grandmother, Mandela's youngest daughter, 15 questions about their granddad – the global icon of peace and forgiveness who spent 27 years in prison. They learn that he was a

freedom fighter who put down his weapons for the sake of peace, and who then became the President of South Africa and a Nobel Peace Prize-winner, and realise that they can continue his legacy in the world today. Seen through a child's perspective, and authored jointly by Nelson Mandela's great-grandchildren and daughter, this amazing story is told as never before to celebrate what would have been Nelson's Mandela 100th birthday.

This book is dedicated to Aristid Lindenmayer on the occasion of his 60th birthday on November 17, 1985. Contributions range from mathematics and theoretical computer science to biology. Aristid Lindenmayer introduced language-theoretic models for developmental biology in 1968. Since then the models have been customarily referred to as L systems. Lindenmayer's invention turned out to be one of the most beautiful examples of interdisciplinary science: work in one area (developmental biology) induces most fruitful ideas in other areas (theory of formal languages and automata, and formal power series). As evident from the articles and references in this book, the interest in L systems is continuously growing. For newcomers the first contact with L systems usually happens via the most basic class of L systems, namely, DOL systems. Here "0" stands for zero context between developing cells. It has been a major typographical problem that printers are unable to distinguish between 0 (zero) and 0 (oh). Thus, DOL was almost always printed with "oh" rather than "zero", and also pronounced that way. However, this misunderstanding turned out to be very fortunate. The wrong spelling "DOL" of "DOL" could be read in the suggestive way: DO L Indeed, hundreds of researchers have followed this suggestion. Some of them appear as contributors to this book. Of the many who could not contribute, we in particular regret the absence of A. Ehrenfeucht, G. Herman and H.A. Maurer whose influence in the theory of L systems has been most significant.

" An enraged elephant flips a car onto its roof. A lioness prises open the door of a terrified couple. A leopard helps itself to a family's picnic breakfast. A fleeing impala leaps through an open car window. A lion charges around inside a busy rest camp. A hyaena snatches a baby from a tent. A tourist takes a bath in a croc-infested dam...These are just a few of the 101 jaw-dropping sightings, scrapes and encounters in this collection of extraordinary true stories from the roads, camps, picnic sites and walking trails of South Africa's Kruger National Park, as told by the very people who experienced them. There are no game ranger tales here - each and every story happened to an ordinary Kruger visitor doing what over a million tourists do in this spectacular reserve each year." -- Back cover.
