Ethics and Law for School Psychologists by Susan Jacob

The application of ethics in education is essential for students as well as teachers. It lets everyone know the right thing to do, and provides a moral framework so that schools and students can work together to pursue learning in the best possible manner. Ethical teaching practices create a positive atmosphere for the growth of students and provide them with clear examples of how to live ethical lives of their own.

Ethics and Law for School Psychologists is the single best source of authoritative information on the ethical and legal issues school psychologists face every day. Designed specifically to meet the unique needs of psychologists in school settings, this book includes the most up-to-date standards and requirements while providing an introduction to ethical codes, ethical decision making, and the legal underpinnings that protect the rights of students and their parents. This new seventh edition has been extensively updated with the latest research and changes to the law, with an increased focus on ethical-legal considerations associated with the use of digital technologies. Coverage includes new case law on privacy rights, electronic record keeping, the 2014 Standards for Educational and Psychological Testing, digital assessment platforms, the latest interpretations of the Individuals with Disabilities Education Act, and more. Ethics texts for counseling and psychology are plentiful, and often excellent—but this book is the only reference that speaks directly to the concerns and issues specific to psychologists in school settings. Case vignettes, end-of-chapter questions, and discussion topics facilitate deeper insight and learning, while updated instructor's resources bring this key reference right into the classroom. Keeping up with the latest research and legal issues is a familiar part of a psychologist's duties, but a practice centered on children in an educational setting makes it both critical and more complex. Ethics and Law for School Psychologists provides a central resource for staying up to date and delivering ethically and legally sound services within a school setting.

The definitive text—completely revised—on the professional and legal standards of school psychology Fully revised and now in its sixth edition, the single best source of authoritative information on the ethical and legal issues associated with school psychological practice includes the most up-to-date standards and requirements of the profession. Citing recent legal rulings and publications as well as historical references, Ethics and Law for School Psychologists provides the most comprehensive foundation for scholarship in this area. A key reference for understanding and delivering ethically and legally sound services, the text combines the expertise of three leading professionals at the forefront of the field. Completely updated to reflect the National Association of School Psychologists' (NASP) revised 2010 Principles for Professional Ethics, the new edition of this classic text also addresses the final regulations in implementing the Individuals with Disabilities Education Act (IDEA) and the amended Americans with Disabilities Act (ADA). In addition, the Sixth Edition features: New material on the management of sensitive, private student information and a revised section on privileged communication Broader coverage of ethical-legal issues in school-based intervention, including a new section on interventions in the general education classroom The latest research and professional literature related to ethics and law in school psychology Covering the ethical and legal issues that impact every school psychologist, and with numerous pedagogical features including case vignettes, end-of-chapter questions, and topics for discussion, Ethics and Law for School Psychologists, Sixth Edition is well suited for graduate students in school psychology and is a must-have resource for all practicing school psychologists, educators, and school administrators.

"By integrating the fields of psychology and special education ... [t]his book provides a valuable reference for graduate faculty members and students as well as practitioners." -Linda K. Knaus, PhD, Assistant Professor and Director of Internship Training Institute for Graduate Clinical Psychology, Widener University "A must-read for any comprehensive school psychology law and ethics course. I could not imagine teaching the course without the support of this book." -Kara E. McGoey, PhD, Assistant Professor School Psychology Program, Kent State University This completely updated edition of the leading ethics and law guide for students, as well as practicing school psychologists, provides authoritative, timely information on professional standards and legal requirements pertinent to the delivery of school psychological services. Ethics and Law for School Psychologists, Fourth Edition covers a host of ethical and legal issues that are unique to the field, including: " Students' and parents' rights to privacy and informed consent " Confidentiality and the duty to protect " Psychoeducational assessment and intervention " Schooling for students with special needs " School discipline and violence prevention " Provision of culturally sensitive services to diverse clientele " Protection of the rights of sexual minority students " Supervision of school psychologists in training Offering a wealth of new information, this book includes recent changes in professional standards such as the 2002 revision of the American Psychological Association's "Ethical Principles and Code of Conduct" and the 2000 revision of the National Association of School Psychologists' "Principles for Professional Ethics." The discussion of the Individuals with Disabilities Education Act (IDEA) incorporates the 1999 regulations as well as recent developments in case law. The ethical and legal mandate to respect cultural, linguistic, and role differences is given greater emphasis throughout this edition.

Law and Ethics in Educational Leadership, 2/e presents a real-world, problem-based approach that shows leadership candidates how to apply the legal knowledge, ethical dispositions, and other skills necessary to become successful school leaders. In a user-friendly, coherent approach to the study of legal issues the author shows how changes in law and society impact decision-making, and how to apply ethical frameworks to their own future decision-making. Included are numerous opportunities to analyze, evaluate, and synthesize legal knowledge and ethical frameworks to begin thinking like school leaders. Illustrative case studies show readers the ambiguity presented by many problems they will face as school leaders and encourages them to analyze the circumstances surrounding the dilemma and respond appropriately.

Best Interests of the Student presents both a theoretical model for guiding educators as they confront legal and ethical dilemmas in their schools, as well as highly accessible and annotated court cases for exploration. Stefkovich introduces an ethical decision-making model that focuses on strategies for determining what actions are in the "best interests of the student," and demonstrates the application of this theoretical model for examining legal and ethical dimensions of court cases. Discussion questions at the end of each case encourage readers to examine issues from differing viewpoints, helping them to become more self-reflective school leaders who can effectively address legal dilemmas in their own contexts. This important text is a valuable resource for both aspiring and practicing school administrators and leaders. This thoroughly revised edition features: An entirely new chapter focusing on issues surrounding technology, specifically bullying, harassment, and "sexting" 13 new legal cases to reflect recent developments in school law, including issues of free speech, teacher accountability, and school policies A continued focus on preparing leaders to meet the Interstate School Leaders Licensure Consortium (ISLLC) ethics standard

Conveys all the core topics emphasising the interplay between medical law and medical ethics in a unique chapter structure.

Provides an overview of the professional, legal and ethical issues teachers may encounter in the classroom and the school.

Combining theory with real-world examples, this book explores the classic problems of legal ethics and the philosophy of law.

Understand the legal framework that provides the structure of Nursing! This is the only current text to critically examine the vast array of legal and ethical matters confronting nursing faculty in classroom and clinical settings. Designed to assist students preparing to be nurse educators, academic nursing administrators, and novice and seasoned faculty in making real-life decisions about academic issues within a legal and ethical framework. Replete with practical advice from experts in the fields of nursing, law, and ethics, this text guides the reader through legal and ethical principles, analyses of relevant case-based scenarios, and practical recommendations for handling problems in accordance with existing laws and institutional policy. Clearly and concisely written and organized, this text provides a comprehensive description of the legal process, including higher education law, the courts, case law, the role of a university attorney, and how to read and cite judicial decisions. Real-world case scenarios and detailed analyses of pertinent issues, including coverage of incivility, discrimination, harassment, academic dishonesty, and freedom of speech, are examined from the perspective of students, faculty, and administrators. Key Features: Written by a nursing dean, a former nursing dean, an ethicist, and a higher education attorney An entire section of legal and ethical cases, featuring a unique philosophical and ethical perspective Delivers best practices for nursing faculty Provides tips on when to consult the university attorney, critical elements to consider, actions to take when law and ethics conflict, helpful resources, and a glossary of legal terms An Instructor' s Manual and discussion questions facilitate teaching.
